Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

1. Organization and Description of Business

Oncobiologics, Inc. (“Oncobiologics” or the “Company”) was incorporated in New Jersey on January 5, 2010 and started operations in July 2011. Oncobiologics is a clinical-stage biopharmaceutical company focused on identifying, developing, manufacturing and commercializing complex biosimilar therapeutics in the disease areas of immunology and oncology. The Company has established fully integrated in-house development and manufacturing capabilities that addresses the numerous complex technical and regulatory challenges in developing and commercializing mAb biosimilars. Since inception, the Company has advanced two product candidates into clinical trials: a Phase 3-ready biosimilar to adalimumab (Humira®) and a Phase 3-ready biosimilar to bevacizumab (Avastin®). Additionally, the Company has six preclinical biosimilar product candidates under active development.

In October 2015, the Company reincorporated in Delaware through the merger with and into Oncobiologics, Inc., a newly formed Delaware corporation, with the Delaware corporation surviving the merger. As a result of the merger, each share of the Company’s previously issued and outstanding common stock converted into and became a share of common stock of the Delaware corporation on a 1-for-1 basis, each share of the Company’s previously issued and outstanding Series A redeemable preferred stock converted into 1,000 shares of common stock and approximately 1.4035 shares of Series A preferred stock of the Delaware corporation, and each share of the Company’s previously issued and outstanding Series B redeemable preferred stock converted into 1,000 shares of common stock and approximately 1.2867 shares of Series A preferred stock of the Delaware corporation. The holders of Series A and B also received an aggregate of 10,193 shares of Series A preferred stock of the Delaware corporation. Additionally, effective upon the reincorporation and in connection with the dissolution of the Company’s business development subsidiary, Parilis Biopharmaceuticals (“Parilis”), the Company issued 226,663 shares of common stock and 1,626 shares of Series A preferred stock to the holders of outstanding Parilis preferred member units in exchange for all such units.

In May 2016, the Company completed the initial public offering (“IPO”) of its securities by offering units. Each unit consisted of one share of the Company’s common stock, one-half of a Series A warrant and one-half of a Series B warrant. Each whole Series A warrant entitles the holder to purchase one share of common stock at an initial exercise price of \$6.60, subject to adjustment. Each whole Series B warrant entitles the holder to purchase one share of common stock at an initial exercise price of \$8.50, subject to adjustment. The IPO price was \$6.00 per unit. In addition, the Company also completed a concurrent private placement of an additional 833,332 shares of its common stock, 416,666 Series A warrants and 416,666 Series B warrants, for gross proceeds of approximately \$5.0 million. On May 13, 2016, the units began trading on the NASDAQ Global Market. The units separated in accordance with their terms and ceased trading, and on June 13, 2016, the component securities (common stock, Series A warrants and Series B warrants) began trading on the NASDAQ Global Market. As a result of the IPO and the concurrent private placement, the Company received approximately \$34.4 million in net proceeds, after deducting discounts and commissions of approximately \$2.8 million and estimated offering expenses of approximately \$2.8 million payable by the Company. The interim consolidated financial statements, do not give effect to the IPO and concurrent private placement.

2. Liquidity

The Company has incurred substantial losses and negative cash flows from operations since its inception and has an accumulated deficit of \$114.5 million and \$94.1 million as of March 31, 2016 and September 30, 2015, respectively. In addition, the Company has \$8.9 million and \$14.2 million of indebtedness that is due on demand, as of March 31, 2016 and September 30, 2015, respectively. These factors raise substantial doubt about the Company’s ability to continue as a going concern. The accompanying unaudited interim consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The unaudited interim consolidated financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from the outcome of this uncertainty.

The Company has substantial indebtedness that includes \$9.7 million in notes payable to stockholders that are payable on demand. There can be no assurance that note holders will not exercise their right to demand repayment.

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

The Company anticipates incurring additional losses until such time, if ever, that it can generate significant sales of its products currently in development. Although the Company closed the IPO of its securities and the concurrent private placement on May 18, 2016 raising aggregate net proceeds of approximately \$34.4 million, excluding any proceeds it may receive from the exercise of the Series A warrants and Series B warrants, which proceeds are expected to fund the Company's operations through June 2017, substantial additional financing will be needed by the Company to fund its operations and to commercially develop its product candidates. Management is currently evaluating different strategies to obtain the required funding for future operations. These strategies may include, but are not limited to: private placements of equity and/or debt, payments from potential strategic research and development, licensing and/or marketing arrangements with pharmaceutical companies, and public offerings of equity and/or debt securities. There can be no assurance that these future funding efforts will be successful.

3. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited interim consolidated financial statements have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") for interim financial information. Any reference in these notes to applicable guidance is meant to refer to GAAP as found in the Accounting Standards Codification ("ASC") and Accounting Standards Updates ("ASU") of the Financial Accounting Standards Board ("FASB").

In the opinion of management, the accompanying unaudited interim consolidated financial statements include all normal and recurring adjustments (which consist primarily of accruals, estimates and assumptions that impact the financial statements) considered necessary to present fairly the Company's financial position as of March 31, 2016 and its results of operations for the three and six months ended March 31, 2016 and 2015 and cash flows for the six months ended March 31, 2016 and 2015. Operating results for the six months ended March 31, 2016 are not necessarily indicative of the results that may be expected for the full year ending September 30, 2016. The unaudited interim condensed consolidated financial statements, presented herein, do not contain the required disclosures under GAAP for annual consolidated financial statements. The accompanying unaudited interim consolidated financial statements should be read in conjunction with the annual audited consolidated financial statements and related notes as of and for the year ended September 30, 2015 included in the final prospectus dated May 12, 2016 filed with the Securities and Exchange Commission ("SEC").

Recapitalization

On April 26, 2016, the Company filed a certificate of amendment to amend its certificate of incorporation effecting a 1-for-3.45 reverse split of the Company's common stock. All references in the unaudited interim consolidated financial statements to the number of shares and per-share amounts of common stock have been retroactively restated to reflect the reverse split.

Use of estimates

The preparation of the unaudited interim consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Due to the uncertainty of factors surrounding the estimates or judgments used in the preparation of the unaudited interim consolidated financial statements, actual results may materially vary from these estimates. Estimates and assumptions are periodically reviewed and the effects of revisions are reflected in the unaudited interim consolidated financial statements in the period they are determined to be necessary.

Income taxes

The Company recorded income tax expense (benefit) of \$50,500 and \$(726,218) for the three months ended March 31, 2016 and 2015, respectively, and \$102,500 and \$(319,855) for the six months ended March 31, 2016 and 2015, respectively, which is primarily attributable to the foreign withholding taxes in connection with the Company's collaboration and licensing agreements and the sale of New Jersey net operating losses.

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

Net loss per share

Basic and diluted net loss per common share is determined by dividing net loss applicable to common stockholders by the weighted-average common shares outstanding during the period. For all periods presented, the outstanding shares of preferred stock have been excluded from the calculation because their effects would be anti-dilutive. Therefore, the weighted-average shares used to calculate both basic and diluted loss per share are the same.

The following potentially dilutive securities have been excluded from the computation of diluted weighted-average shares outstanding as of March 31, 2016 and 2015, as they would be antidilutive:

	March 31,	
	2016	2015
Series A redeemable preferred stock	-	1,059,710
Series B redeemable preferred stock	-	1,159,418
Series A preferred stock	984,899	-
Performance-based stock units	247,887	-
Restricted stock units	1,066,039	-
Unvested shares of restricted common stock	-	32,463
Convertible stockholder note	96,618	96,618

Amounts in the table above reflect the common stock equivalents of the noted instruments.

Recently Issued and Adopted Accounting Pronouncements

In August 2014, the FASB issued ASU 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. The amendments in this update will explicitly require a company's management to assess an entity's ability to continue as a going concern, and to provide related footnote disclosures in certain circumstances. The new standard will be effective in the first annual period ending after December 15, 2016. Early application is permitted. The Company is currently evaluating the potential impact of the adoption of this standard, but the Company believes its adoption will have no impact on its consolidated results of operations, financial position or cash flows.

In May 2014, the FASB issued ASU, No. 2014-09, *Revenue from Contracts with Customers*. This guidance requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This guidance also requires an entity to disclose sufficient information to enable users of financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. Qualitative and quantitative information is required about:

Contracts with customers — including revenue and impairments recognized, disaggregation of revenue and information about contract balances and performance obligations (including the transaction price allocated to the remaining performance obligations).

Significant judgments and changes in judgments — determining the timing of satisfaction of performance obligations (over time or at a point in time), and determining the transaction price and amounts allocated to performance obligations.

Certain assets — assets recognized from the costs to obtain or fulfill a contract.

In July 2015, the FASB delayed the effective date of this guidance. As a result, this guidance will be effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. The Company is currently evaluating the impact that this guidance will have on its consolidated results of operations, financial position and cash flows.

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

In March 2016, the FASB issued ASU 2016-02, *Leases*, (Topic 842). This new ASU represents a wholesale change to lease accounting and introduces a lease model that brings most leases on the balance sheet. It also eliminates the required use of bright-line tests in current U.S. GAAP for determining lease classification. This ASU is effective for annual periods beginning after December 15, 2019 (i.e., calendar periods beginning on January 1, 2020), and interim periods thereafter. Earlier application is permitted for all entities. The Company is currently evaluating the impact of ASU 2016-02 on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, *Improvements to Employee Share-Based Payment Accounting*, which is intended to simplify the accounting and reporting for employee share-based payment transactions. The pronouncement is effective for interim and annual periods beginning after December 31, 2016 with early adoption permitted. The adoption of this guidance is not expected to have a material impact on the Company's consolidated financial statements.

4. Fair Value Measurements

Certain assets and liabilities are carried at fair value under GAAP. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Financial assets and liabilities carried at fair value are to be classified and disclosed in one of the following three levels of the fair value hierarchy, of which the first two are considered observable and the last is considered unobservable:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs (other than Level 1 quoted prices), such as quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to determining the fair value of the assets or liabilities, including pricing models, discounted cash flow methodologies and similar techniques.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table presents the Company's assets and liabilities that are measured at fair value on a recurring basis:

	September 30, 2015		
	(Level 1)	(Level 2)	(Level 3)
Liabilities			
Stock-based compensation liability	\$ -	\$ -	\$ 12,726,722

The table presented below is a summary of changes in the fair value of the Company's Level 3 valuation for the stock-based compensation liability for the six months ended March 31, 2016:

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

Balance at October 1, 2015	\$ 12,726,722
Change in fair value	2,391,862
Reclassification to stockholders' equity	(15,118,584)
Balance at March 31, 2016	<u>\$ -</u>

As of March 31, 2016, the Company had no assets or liabilities that were measured at fair value.

The Company has issued stock-based performance units ("PSUs"), which generally have a ten year life from the date of grant and vest 50% after the third anniversary from issuance and the remaining 50% on the fourth anniversary. In addition, the PSUs are exercisable upon the earlier of (i) a change in control, (ii) consummation of an IPO, or (iii) a corporate valuation in excess of \$400 million and at the discretion by the Company's Board of Directors. Upon exercise, the PSU holder received a cash payment for the difference between the current per share value of the Company and the base price of the PSU. Given the cash settlement, the PSUs were liability classified and re-measured at each reporting date with changes in fair value recorded within the Company's consolidated statements of operations. In December 2015, the PSUs were modified to provide for settlement in common stock or cash, at the Company's discretion. As a result of this modification, the carrying value of the PSUs was reclassified to stockholders' equity (deficit).

The PSUs contain a market condition as the exercisability of the awards are based on the Company achieving a market value of \$400 million during the relevant performance period. The fair value of the market condition is valued using a Monte Carlo simulation model. The significant assumptions used in preparing the Monte Carlo simulation model include (i) volatility of the Company's common stock, (ii) risk free interest rate, (iii) base price of the PSUs, (iv) fair value of the Company's common stock and enterprise value of the Company, and (v) derived service period.

The fair value of the PSUs of \$22.22 per PSU at September 30, 2015 was derived using the following assumptions:

	September 30, 2015
Risk-free interest rate	1.4%
Derived service period	5 years
Expected volatility	60%
Annual dividend yield	0%
Fair value of common stock	\$25.79 per share

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

5. Property and Equipment

Property and equipment, net, consists of:

	<u>March 31,</u> <u>2016</u>	<u>September 30,</u> <u>2015</u>
Laboratory equipment	\$ 10,840,204	\$ 10,936,364
Leasehold improvements	9,927,614	9,889,521
Computer software and hardware	409,684	402,075
Construction in progress	940,621	175,425
	<u>22,118,123</u>	<u>21,403,385</u>
Less: accumulated depreciation and amortization	(4,759,735)	(3,643,447)
	<u>\$ 17,358,388</u>	<u>\$ 17,759,938</u>

Depreciation and amortization expense was \$598,097 and \$218,996 for the three months ended March 31, 2016 and 2015, respectively, and \$1,192,074 and \$441,071 for the six months ended March 31, 2016 and 2015, respectively.

At March 31, 2016 and September 30, 2015, \$3,608,801 and \$3,530,301 represents laboratory equipment under capital leases. The term of the leases are between 11 and 36 months and qualify as capital leases. The leases bear interest between 8.2% and 21.4%. At March 31, 2016 and September 30, 2015, \$673,188 and \$407,210, respectively, of accumulated depreciation related to this leased equipment has been recognized.

6. Accrued Expenses

Accrued expenses consists of:

	<u>March 31,</u> <u>2016</u>	<u>September 30,</u> <u>2015</u>
Compensation	\$ 3,137,855	\$ 2,321,508
Research and development	1,679,473	951,759
Interest payable	682,538	806,475
Deferred offering costs	450,648	657,892
Professional fees	280,333	594,572
Director fees	-	414,421
Other accrued expenses	173,124	178,021
	<u>\$ 6,403,971</u>	<u>\$ 5,924,648</u>

7. Redeemable Preferred Stock, Common Stock, Noncontrolling Interests and Stockholders' Equity (Deficit)**Common stock**

During the six months ended March 31, 2016, the Company sold 573,788 shares of its common stock at \$29.05 per share raising \$16,137,913 in net proceeds.

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

Each share of common stock entitles the holder to one vote on all matters submitted to a vote of the Company's stockholders. Subject to preferences that may apply to any outstanding preferred stock, holders of common stock are entitled to receive ratably any dividends that the Company's board of directors may declare out of funds legally available for that purpose on a non-cumulative basis. No dividends had been declared through March 31, 2016.

Series A preferred stock

In the event of a liquidation, dissolution or winding up of the Company, either voluntary or involuntary, or in the event of a Deemed Liquidation Event, as defined in the Certificate of Incorporation, holders of Series A preferred stock are entitled to receive, in preference to all other stockholders, an amount equal to the original issue price, as defined in the Certificate of Incorporation, plus any unpaid accrued dividends. If upon the occurrence of such event, the assets and funds thus distributed among the holders of the Series A preferred stock shall be insufficient to pay such holders, then the entire assets and funds of the Company legally available for distribution shall be distributed ratably among the holders of the Series A preferred stock in proportion to the respective amount of such stock owned by each such holder.

The Company may redeem the Series A preferred stock, in whole at any time and from time to time in part, at the option of the Company, for cash, at a redemption price equal to the Original Issuance Price (as defined in the Certificate of Incorporation) plus any unpaid accrued dividends. The holders of the Series A preferred stock have no voting rights outside of matters directly related to the Series A preferred stock. Upon the closing of the Company's IPO, all then outstanding shares of Series A preferred stock will automatically convert into shares of the Company's common stock at a conversion rate equal to the IPO price per share of common stock divided by the liquidation preference of the Series A preferred stock.

In connection with the closing of the Company's IPO, the Series A converted into 1,969,818 shares of common stock.

Deconsolidation of noncontrolling interests

Through September 30, 2015, the Company consolidated the operations of Sonnet Biotherapeutics, Inc. ("Sonnet"), which was spun-off to the Company's stockholders in April 2015, because the Company was the primary funding source to Sonnet through September 2015. Effective October 1, 2015, additional capital was contributed to Sonnet by third-party investors triggering a reconsideration event, which resulted in the Company no longer being considered the primary beneficiary and as a result, the Company has deconsolidated Sonnet. Sonnet issued the Company an \$826,561 promissory note which reflects the funding the Company provided Sonnet through September 30, 2015. The note bears interest at 3.0% and matures September 30, 2016. There were no gains or losses recognized upon deconsolidation since no equity interest was owned by the Company. As of March 31, 2016, the balance of the note is \$33,396 plus accrued interest of \$9,791.

8. Stock-Based Compensation

2011 Equity Incentive Plan

The Company's 2011 Equity Compensation Plan (the "2011 Plan") provided for the Company to sell or issue restricted common stock, restricted stock units ("RSUs"), performance-based awards, cash-based awards or to grant stock options for the purchase of common stock to officers, employees, consultants and directors of the Company. The 2011 Plan was administered by the board of directors or, at the discretion of the board of directors, by a committee of the board. The number of shares of common stock reserved for issuance under the 2011 Plan is 1,159,420. As of March 31, 2016, performance-based stock units ("PSUs") representing 247,887 shares of the Company's common stock were outstanding under the 2011 Plan. In light of the December 2015 adoption of the 2015 Equity Incentive Plan, no future awards under the 2011 Plan will be granted.

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

2015 Equity Incentive Plan

In December 2015, the Company adopted the 2015 Equity Incentive Plan (the “2015 Plan”). The 2015 Plan provides for the grant of stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance stock awards and other forms of equity compensation to Company employees, directors and consultants. The maximum number of shares of common stock that may be issued under the 2015 Plan is 1,246,377 shares. As of March 31, 2016, RSUs representing 1,066,039 shares of the Company’s common stock were outstanding under the 2015 Plan and 180,338 shares remained available for grant under the 2015 Plan.

The Company recorded stock-based compensation (income) expense in the following expense categories of its statements of operations for the three and six months ended March 31, 2016 and 2015:

	<u>Three Months ended March 31,</u>		<u>Six Months ended March 31,</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Research and development	\$ (3,281,214)	\$ 3,650,718	\$ (1,924,806)	\$ 3,734,993
General and administrative	(1,165,275)	3,379,388	(31,649)	3,440,787
	<u>\$ (4,446,489)</u>	<u>\$ 7,030,106</u>	<u>\$ (1,956,455)</u>	<u>\$ 7,175,780</u>
	<u>Three Months ended March 31,</u>		<u>Six Months ended March 31,</u>	
	<u>2016</u>	<u>2015</u>	<u>2016</u>	<u>2015</u>
Equity-classified compensation	\$ (4,446,489)	\$ 2,231	\$ (4,348,317)	\$ 4,462
Liability-classified compensation	-	7,027,875	2,391,862	7,171,318
	<u>\$ (4,446,489)</u>	<u>\$ 7,030,106</u>	<u>\$ (1,956,455)</u>	<u>\$ 7,175,780</u>

Performance-based stock units

The Company has issued PSUs, which generally have a ten year life from the date of grant and vest 50% after the third anniversary from issuance and the remaining 50% on the fourth anniversary. The PSUs are exercisable upon the earlier of (i) a change in control, (ii) consummation of an initial public offering, or (iii) a corporate valuation in excess of \$400 million and at the discretion by the Company’s board of directors. Upon exercise, the PSU holder receives common stock or cash, at the Company’s discretion. See note 4 for discussion of fair value of the PSUs.

The following table summarizes the PSU activity for the six months ended March 31, 2016:

	Number of PSUs	Base Price Per PSU
Balance at October 1, 2015	687,013	\$ 3.45
Forfeitures	(4,346)	3.45
Exchanged for restricted stock units	(434,780)	3.45
Balance at March 31, 2016	<u>247,887</u>	<u>\$ 6.33</u>

In December 2015, the Company completed a tender-offer to holders of outstanding PSUs to amend the terms of such outstanding awards to increase the base price to an amount equal to the fair market value of a share of the Company’s common stock on the date of grant of the PSU, remove the right to be paid dividend equivalents and provide for settlement in shares of the Company’s

Oncobiologics, Inc.
Notes to Unaudited Interim Consolidated Financial Statements

common stock or cash, at the Company's discretion. Upon amending the settlement terms of the PSUs, the Company reclassified the stock-based compensation liability to additional paid-in capital. The PSUs continue to be re-measured at each reporting period until the earlier of (i) an IPO, (ii) change in control, or (iii) action taken by the Board of directors to confirm the vesting criteria has been achieved.

Concurrent with the tender-offer, several PSU holders cancelled an aggregate of 434,780 PSUs in exchange for 391,303 restricted stock units ("RSUs"). The Company accounted for the exchange as a modification, and, as a result, recognized \$98,172 of additional stock-based compensation during the six months ended March 31, 2016 based on the fair value of the RSUs in excess of the fair value of the PSUs exchanged.

As of March 31, 2016, there was \$300,000 of unamortized expense that will be recognized in future periods.

Restricted stock units

The following table summarizes the activity related to RSUs granted during the six months ended March 31, 2016:

	Number of RSUs	Grant Date Fair Value
Balance at October 1, 2015	-	\$ -
Granted	674,890	29.05
Forfeitures	(154)	29.05
Issued in connection with PSU exchange	391,303	29.05
Balance at March 31, 2016	<u>1,066,039</u>	<u>\$ 29.05</u>

As of March 31, 2016, there were 387,868 RSUs that will vest upon the expiration of the 180-day lock up period following the Company's IPO or a change in control. The remaining 678,171 RSUs will vest upon the expiration of the 180-day lock up period following the Company's IPO or change in control and over the following time-based vesting periods:

- 525,999 RSUs with 50% vesting on each of the first and second anniversaries of the recipient's grant date
- 21,738 RSUs with one-third vesting on each of the first, second, and third anniversaries of the recipient's hire date
- 130,434 RSUs with 50% vesting on each of the third and fourth anniversaries of the recipient's hire date

The expiration of the lock-up period following an IPO or a change in control are performance conditions that are outside the Company's control. Therefore, the Company did not recognize any stock-based compensation until the consummation of the IPO in May 2016. As of March 31, 2016, there was \$21,100,000 of unamortized expense.

9. Subsequent Events

On May 18, 2016, the Company filed an amended and restated certificate of incorporation (the "Restated Certificate") with the Secretary of State of the State of Delaware in connection with the closing of its IPO. As set forth in the Restated Certificate, the Company's authorized capital stock now consists of 200,000,000 shares of common stock, par value \$0.01 per share, and 10,000,000 shares of preferred stock, par value \$0.01 per share.

On May 18, 2016, upon the closing of the IPO, the Company issued warrants to acquire an aggregate of 1,520,269 shares of its common stock to certain of the investors party to that certain investors' rights agreement dated March 10, 2014, as amended, pursuant to the terms of an amendment to such agreement dated April 26, 2016. The warrants issued to these investors are not exercisable until 180 days after May 12, 2016, and have an initial exercise price of \$0.01 per share, which may increase to \$1.00 per share under certain circumstances, and expire November 18, 2019.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read this section in conjunction with our unaudited interim consolidated financial statements and related notes included in Part I. Item 1 of this report and our audited consolidated financial statements and related notes thereto and management's discussion and analysis of financial condition and results of operations for the years ended September 30, 2015 and 2014 included in our prospectus dated May 12, 2016, filed with the Securities and Exchange Commission, or SEC, pursuant to Rule 424(b) under the Securities Act of 1933, as amended, or the Securities Act, on May 13, 2016.

Forward-Looking Statements

This discussion contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Act of 1934, as amended. Forward-looking statements are identified by words such as "believe," "may," "could," "will," "estimate," "continue," "anticipate," "intend," "seek," "plan," "expect," "should," "would," "potentially" or the negative of these terms or similar expressions in this report. You should read these statements carefully because they discuss future expectations, contain projections of future results of operations or financial condition, or state other "forward-looking" information. These statements relate to our future plans, objectives, expectations, intentions and financial performance and the assumptions that underlie these statements. These forward-looking statements are subject to certain risks and uncertainties that could cause such a difference include, but are not limited to, those discussed under the caption "Risk Factors" in our prospectus dated May 12, 2016, filed with the SEC pursuant to Rule 424(b) under the Securities Act on May 13, 2016, and elsewhere in this report. Forward-looking statements are based on our management's current beliefs and assumptions and based on information currently available to our management. These statements, like all statements in this report, speak only as of their date, and we undertake no obligation to update or revise these statements in light of future developments.

Overview

We are a clinical-stage biopharmaceutical company focused on identifying, developing, manufacturing and commercializing complex biosimilar therapeutics. Our current focus is on technically challenging and commercially attractive monoclonal antibodies, or mAbs, in the disease areas of immunology and oncology. A mAb is a type of protein that is produced by a single clone of cells or cell line and made to bind to a specific substance in the body. Our strategy is to cost-effectively develop these biosimilars on an accelerated timeline, which is fundamental to our success and we believe positions us to be a leading biosimilar company. We have leveraged our team's biopharmaceutical expertise to establish fully integrated in-house development and manufacturing capabilities, which we refer to as our BioSymphony Platform. We believe this platform addresses the numerous complex technical and regulatory challenges in developing and commercializing mAb biosimilars and was designed to provide significant pricing flexibility. We have identified eight biosimilar product candidates for further development and have advanced two of these product candidates into clinical trials: ONS-3010, a Phase 3-ready biosimilar to adalimumab (Humira®), and ONS-1045, a Phase 3-ready biosimilar to bevacizumab (Avastin®).

- **ONS-3010** We have successfully completed a randomized, double-blind, single-dose and single-center Phase 1 clinical trial comparing ONS-3010 to Humira in three treatment arms. In this trial, ONS-3010 met its primary and secondary endpoints, demonstrating a similar pharmacokinetic (meaning how the body affects the molecule), or PK, profile, as well as an immunogenicity profile equivalent to both U.S.- and E.U.-Humira across all three treatment arms. In addition, ONS-3010 demonstrated a rate of injection site reactions lower than that of Humira. We have received regulatory feedback and agreement on our Phase 3 clinical trial design in the sensitive plaque psoriasis patient population from the U.S. Food and Drug Administration, or FDA, the European Medical Agency, or EMA, and national agencies such as the Medicines and Healthcare Products Regulatory Agency, or MHRA, and the Swedish regulatory authority. We have also completed a site feasibility study to identify global sites (North and South America, Europe, Australia and New Zealand) in preparation for the commencement of our planned Phase 3 clinical trial in 2016. Humira is currently approved in the United States for multiple indications. We initially intend to seek approval of ONS-3010 for the treatment of plaque psoriasis, and will seek to expand such approval to the same indications as Humira as appropriate. We have

informed the regulatory authorities of our intent to seek extrapolation to all approved Humira indications, and have also reviewed our Phase 3 interchangeability study design with the FDA.

- **ONS-1045** We have completed a randomized, double-blind, single-dose and single-center Phase 1 clinical trial. In this trial, ONS-1045 met its primary and secondary endpoints demonstrating a similar PK profile, as well as an immunogenicity profile equivalent to both U.S.- and EU-Avastin. We are preparing ONS-1045 for a global Phase 3 clinical trial to commence upon receipt of additional funding. Avastin is currently approved in the United States for multiple indications. We initially intend to seek approval of ONS-1045 for the treatment of non-squamous non-small cell lung cancer, and will seek to expand such approval to the same indications as Avastin when appropriate. We have informed the regulatory authorities of our intent to seek extrapolation to all approved Avastin indications, and have also discussed our study design with the FDA.

Through March 31, 2016, we have funded substantially all of our operations through the sale and issuance of approximately \$105.5 million of our common stock, preferred stock and debt. Through March 31, 2016, we have also received \$24.0 million pursuant to our collaboration and licensing agreements. Subsequently, on May 18, 2016 we completed the initial public offering, or IPO, of our securities, through the sale of units. Each unit consisted of one share of common stock, one-half of a Series A warrant and one-half of a Series B warrant. Each whole Series A warrant entitles the holder to purchase one share of common stock at an initial exercise price of \$6.60, subject to adjustment. Each whole Series B warrant entitles the holder to purchase one share of common stock at an initial exercise price of \$8.50, subject to adjustment. The initial public offering price was \$6.00 per unit. We also completed a private placement of 833,332 shares of common stock, 416,666 Series A warrants and 416,666 Series B warrants for aggregate gross proceeds of approximately \$5.0 million that closed concurrent with the IPO. The units separated in accordance with their terms and ceased trading, and on June 13, 2016, each of the component securities underlying the units (common stock, Series A warrants and Series B warrants) began trading on the NASDAQ Global Market. We raised net proceeds of approximately \$29.8 million from our IPO and an additional \$4.6 million of net proceeds from the concurrent private placement, in each case excluding any proceeds we may receive from the exercise of the Series A and Series B warrants.

As described in their audit report included in the prospectus filed May 13, 2016 with the SEC, our auditors have included an explanatory paragraph that states that we have incurred recurring losses and negative cash flows from operations since inception and have an accumulated deficit at September 30, 2015 of \$94.1 million and \$14.2 million of indebtedness that is due on demand. While we believe that the proceeds received from our IPO and concurrent private placement will be sufficient to fund our operations through June 2017, we will need to raise substantial additional financing to fund our future operations. We will need to raise substantial additional capital in order to receive approval for and commercialize ONS-3010, commence any Phase 3 clinical trials of ONS-1045 and continue to develop our other pipeline candidates. We plan to finance our future operations with a combination of proceeds from the issuance of equity securities, the issuance of additional debt, potential collaborations and revenues from potential future product sales, if any. There are no assurances that we will be successful in obtaining an adequate level of financing for the development and commercialization of ONS-3010, ONS-1045 or any other current or future biosimilar product candidates. If we are unable to secure adequate additional funding, our business, operating results, financial condition and cash flows may be materially and adversely affected. These matters raise substantial doubt about our ability to continue as a going concern. Our consolidated financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

We do not have any products approved for sale and we have only generated revenue from our collaboration agreements. We have incurred operating losses and negative operating cash flows since inception and there is no assurance that we will ever achieve profitable operations, and if achieved, that profitable operations will be sustained. Our net loss for the six months ended March 31, 2016 was \$20.4 million. We also had net losses of \$47.4 million and \$13.7 million for the years ended September 30, 2015 and 2014, respectively. In addition, development activities, clinical and preclinical testing and commercialization of our product candidates will require significant additional financing.

Collaboration and License Agreements

From time to time, we enter into collaboration and license agreements for the research and development, manufacture and/or commercialization of our biosimilar products and/or biosimilar product candidates. These agreements generally provide for non-refundable upfront license fees, development and commercial performance milestone payments, cost sharing, royalty payments and/or profit sharing.

Selexis SA

In October 2011, we entered into a research license agreement with Selexis SA, or Selexis, pursuant to which we acquired a non-exclusive license to conduct research internally or in collaboration with third parties to develop recombinant proteins from mammalian cells created lines using the Selexis expression technology, or the Selexis Technology. The original research license had a three-year term, but on October 9, 2014, was extended for an additional three-year term through October 9, 2017. We may sublicense our rights with Selexis' prior written consent but are prohibited from making commercial use of the Selexis Technology or the resultant recombinant proteins comprising our biosimilars in humans, or from filing an investigational new drug, absent a commercial license agreement with Selexis covering the particular biosimilar product candidate developed under the research license. In connection with the entry into the research license, we paid Selexis an initial fee and agreed to make additional annual maintenance payments of the same amount for each of the three years that the research license agreement term was extended.

Selexis also granted us a non-transferrable option to obtain a perpetual, non-exclusive, worldwide commercial license under the Selexis Technology to manufacture, or have manufactured, a recombinant protein produced by a cell line developed using the Selexis Technology for clinical testing and commercial sale. We exercised this option in April 2013 and entered into three commercial license agreements with Selexis for our ONS-3010, ONS-1045 and ONS-1050 biosimilar candidates. We paid an upfront licensing fee to Selexis for each commercial license and also agreed to pay a fixed milestone payment for each licensed product. In addition, we are required to pay a single-digit royalty on a final product-by-final product and country-by-country basis, based on worldwide net sales of such final products by us or any of our affiliates or sub-licensees during the royalty term. At any time during the term, we have the right to terminate our royalty payment obligation by providing written notice to Selexis and paying Selexis a royalty termination fee.

IPCA Laboratories Limited — Humira (ONS-3010), Avastin (ONS-1045) and Herceptin (ONS-1050)

In August 2013, we entered into a strategic license agreement with IPCA Laboratories Limited, or IPCA, under which we granted IPCA and its affiliates a license for the research, development, manufacture, use or sale of ONS-3010 and, by amendment in May 2014, ONS-1045. The license is exclusive with respect to India, Sri Lanka and Myanmar, and non-exclusive with respect to Nepal and Bhutan. Under the terms of the August 2013 agreement, we received an upfront payment from IPCA, and are eligible to earn additional regulatory milestone payments for each of ONS-3010 and ONS-1045. In addition, we are eligible to receive royalties at a low teens percentage rate of annual net sales of products by IPCA and its affiliates in the agreed territory.

In January 2014, we entered into an agreement with IPCA to assist IPCA in establishing its research, development and manufacturing capabilities for mAbs and biologics, including, in part, through collaborative development, manufacture and commercialization of ONS-1050 (our Herceptin biosimilar), in the agreed territory (as specified below). The agreed territory for ONS-1050 includes the Republics of India, Sri Lanka, Myanmar, Nepal and Bhutan, while the agreed territory for any product candidates developed independent of our involvement is global without geographical restriction. We also agreed to assist IPCA with its research and development program. Under the terms of the January 2014 agreement, we are eligible to receive development payments and commercialization fees. In addition, we are eligible to receive royalties from IPCA at a mid-single digit rate on annual net sales of ONS-1050 commercialized by IPCA and its affiliates in the agreed territory.

As of March 31, 2016, we have received an aggregate of \$5.0 million of payments from IPCA under our various agreements.

Liomont — Humira (ONS-3010) and Avastin (ONS-1045)

In June 2014, we entered into a strategic license agreement with Laboratories Liomont, S.A. de C.V., or Liomont, under which we granted Liomont and its affiliates an exclusive, sublicenseable license in Mexico for the research, development, manufacture, use or sale of the ONS-3010 and ONS-1045 biosimilar product candidates in Mexico. Under the terms of the agreement, we

[Table of Contents](#)

received an upfront payment from Liomont, and we are eligible to earn milestone payments for each of ONS-3010 and ONS-1045. In addition, we are eligible to receive tiered royalties at upper single-digit to low teens percentage rates of annual net sales of products by Liomont and its affiliates in Mexico. As of March 31, 2016, we have received an aggregate of \$3.0 million of upfront and milestone payments from Liomont.

Huahai — Humira (ONS-3010) and Avastin (ONS-1045)

In May 2013, we entered into a series of agreements with Zhejiang Huahai Pharmaceutical Co., Ltd., or Huahai, to form an alliance for the purpose of developing and obtaining regulatory approval for, and commercial launch and marketing of licensed products in an agreed territory, as described below. The agreements include a strategic alliance agreement, which sets out the governance framework for the relationship, along with a joint participation agreement regarding joint development and commercialization of ONS-3010, and a co-development and license agreement for each of ONS-3010 and ONS-1045. As of March 31, 2016, we have received an aggregate of \$16.0 million of upfront and milestone payments from Huahai.

As contemplated by the strategic alliance agreement, we entered into a joint participation agreement with Huahai where we agreed to co-fund the development and share the value ownership interest of ONS-3010 in the United States, Canada, European Union, Japan, Australia and New Zealand. Under the agreement as amended, we are responsible for completing a defined “Phase-3 Ready Package” at our expense, for which the portion of the funds received from Huahai to date under this joint participation agreement was used.

In December 2014, we received an option to reacquire all rights to ONS-3010 from Huahai, which would have terminated the joint participation agreement. We had to exercise the option prior to December 23, 2015 and pay Huahai a total of \$28.0 million, consisting of an \$11.0 million initial payment due within seven days of exercise, and four additional installment payments of \$4.25 million payable over the course of the following year. We decided not to make the \$11.0 million initial payment within the time frame required.

In the event Huahai funds its proportionate share of development costs incurred after completion of the “Phase-3 Ready Packages,” Huahai would be entitled to retain its 51% value ownership, with us entitled to retain our 49% value ownership, of ONS-3010 in the agreed territories. To maintain its 51% value ownership of ONS-3010 as of March 31, 2016, Huahai is required to make a payment to us of \$9.1 million. Similarly, revenues from commercialization of ONS-3010 in the agreed countries (including major markets such as the United States and the European Union, among others), would also be shared based on such proportional ownership interests. In the event that Huahai does not fund its proportionate share of such development costs, the joint participation agreement provides for a proportionate adjustment to our respective value ownership interests based on our respective investments in such development costs, which would increase our value ownership interest in ONS-3010. Under the joint participation agreement, we could also be required to form a joint venture to further develop and commercialize ONS-3010 with Huahai in the agreed countries, if so requested by Huahai.

In conjunction with the strategic alliance agreement, we also entered into a co-development and license agreement with Huahai, under which we granted Huahai and its affiliates an exclusive license for the research, development, manufacture, use or sale of ONS-3010 or ONS-1045 in the territory, which includes the People’s Republic of China, Hong Kong, Macau and Taiwan. We will each bear our respective costs under the development plans. Huahai agreed to carry out all clinical, manufacturing and regulatory requirements necessary for approval of the products in the agreed territory. Under the terms of the agreement, we received an upfront payment from Huahai for ONS-3010, and have received regulatory milestone payments for each of ONS-3010 and ONS-1045.

Components of Our Results of Operations

Collaboration Revenue

To date, we have derived revenue only from activities pursuant to our collaboration and licensing agreements. We have not generated any revenue from commercial product sales. For the foreseeable future, we expect all of our revenue, if any, will be generated from our collaboration and licensing agreements. If any of our biosimilar product candidates currently under development are approved for commercial sale, we may generate revenue from product sales, or alternatively, we may choose to select a collaborator to commercialize our product candidates.

[Table of Contents](#)

The following table sets forth a summary of revenue recognized from our collaboration and licensing agreements for the three and six months ended March 31, 2016 and 2015:

	Three months ended March 31,		Six months ended March 31,	
	2016	2015	2016	2015
IPCA collaboration	\$ 105,433	\$ 105,433	\$ 210,866	\$ 691,511
Liomont collaboration	595,566	95,566	1,191,132	150,148
Huahai collaboration	293,895	293,895	587,790	2,587,790
	<u>\$ 994,894</u>	<u>\$ 494,894</u>	<u>\$ 1,989,788</u>	<u>\$ 3,429,449</u>

The following table summarizes the milestone payments and recognition of deferred revenues from our collaboration and licensing agreements during the three and six months ended March 31, 2016 and 2015:

	Three months ended March 31,		Six months ended March 31,	
	2016	2015	2016	2015
Milestone payments	\$ 500,000	\$ -	\$ 1,000,000	\$ 2,500,000
Recognition of deferred revenues	494,894	494,894	989,788	929,449
	<u>\$ 994,894</u>	<u>\$ 494,894</u>	<u>\$ 1,989,788</u>	<u>\$ 3,429,449</u>

Each of our collaboration and licensing agreements is considered to be a multiple-element arrangement for accounting purposes. We determined that there are two deliverables; specifically, the license to our biosimilar product candidate and the related research and development services that we are obligated to provide. We concluded that these deliverables should be accounted for as a single unit of accounting. We determined that the upfront license payments received should be deferred and recognized as revenue on a straight-line basis through the estimated period of completion of our obligations under the agreement. We recognize revenues from the achievement of milestones if the milestone event is substantive and achievability of the milestone was not reasonably assured at the inception of the agreement.

Research and Development Expenses

Research and development expense consists of expenses incurred in connection with the discovery and development of our biosimilar product candidates. We expense research and development costs as incurred. These expenses include:

- expenses incurred under agreements with contract research organizations, or CROs, as well as investigative sites and consultants that conduct our preclinical studies and clinical trials;
- manufacturing scale-up expenses and the cost of acquiring and manufacturing preclinical and clinical trial materials and commercial materials, including manufacturing validation batches;
- outsourced professional scientific development services;
- employee-related expenses, which include salaries, benefits and stock-based compensation;
- payments made under a third-party assignment agreement, under which we acquired intellectual property;
- expenses relating to regulatory activities, including filing fees paid to regulatory agencies;
- laboratory materials and supplies used to support our research activities; and
- allocated expenses, utilities and other facility-related expenses.

The successful development of our biosimilar product candidates is highly uncertain. At this time, we cannot reasonably estimate or know the nature, timing and costs of the efforts that will be necessary to complete the remainder of the development of, or when, if ever, material net cash inflows may commence from any of our other biosimilar product candidates. This uncertainty is due to the numerous risks and uncertainties associated with the duration and cost of clinical trials, which vary significantly over the life of a project as a result of many factors, including:

- the number of clinical sites included in the trials;
- the length of time required to enroll suitable patients;

[Table of Contents](#)

- the number of patients that ultimately participate in the trials;
- the number of doses patients receive;
- the duration of patient follow-up;
- the results of our clinical trials;
- the establishment of commercial manufacturing capabilities;
- the receipt of marketing approvals; and
- the commercialization of product candidates.

Our expenditures are subject to additional uncertainties, including the terms and timing of regulatory approvals. We may never succeed in achieving regulatory approval for any of our biosimilar product candidates. We may obtain unexpected results from our clinical trials. We may elect to discontinue, delay or modify clinical trials of some biosimilar product candidates or focus on others. A change in the outcome of any of these variables with respect to the development of a biosimilar product candidate could mean a significant change in the costs and timing associated with the development of that biosimilar product candidate. For example, if the U.S. Food and Drug Administration, or FDA, or other regulatory authorities were to require us to conduct clinical trials beyond those that we currently anticipate, or if we experience significant delays in enrollment in any of our clinical trials, we could be required to expend significant additional financial resources and time on the completion of clinical development. Biosimilar product commercialization will take several years and millions of dollars in development costs.

Research and development activities are central to our business model. Biosimilar product candidates in later stages of clinical development generally have higher development costs than those in earlier stages of clinical development, primarily due to the increased size and duration of later-stage clinical trials. We expect our research and development expenses to increase significantly over the next several years as we increase personnel costs, including stock-based compensation, conduct clinical trials and prepare regulatory filings for our biosimilar product candidates.

General and Administrative Expenses

General and administrative expenses consist principally of salaries and related costs for personnel in executive, administrative, finance and legal functions, including stock-based compensation, travel expenses and recruiting expenses. Other general and administrative expenses include facility related costs, patent filing and prosecution costs and professional fees for business development, legal, auditing and tax services and insurance costs.

We anticipate that our general and administrative expenses will increase as a result of increased payroll, expanded infrastructure and an increase in accounting, consulting, legal and tax-related services associated with maintaining compliance with stock exchange listing and Securities and Exchange Commission, or SEC, requirements, accounting and investor relations costs, and director and officer insurance premiums associated with being a public company. We also anticipate that our general and administrative expenses will increase in support of our clinical trials as we expand and progress our development programs. Additionally, if and when we believe a regulatory approval of a biosimilar product candidate appears likely, we anticipate an increase in payroll and expense as a result of our preparation for commercial operations, particularly as it relates to the sales and marketing of our biosimilar product.

Interest Expense

Interest expense consists of cash paid and non-cash interest expense related to our bank loans, notes with current and former stockholders, equipment loans and capital lease obligations.

Income Taxes

During the three and six months ended March 31, 2016, we incurred \$0.1 million and \$0.1 million, respectively, of foreign withholding taxes in connection with our collaboration and licensing agreements. During the three and six months ended March 31, 2015, we recorded an income tax benefit of \$0.7 million and \$0.3 million, respectively, due to the sale of New Jersey state net operating losses, or NOLs, partially offset by foreign withholding taxes in connection with our collaboration and licensing agreements.

Since inception, we have not recorded any U.S. federal or state income tax benefits (excluding the sale of New Jersey state NOLs) for the net losses we have incurred in each year or on our earned research and development tax credits, due to our uncertainty of realizing a benefit from those items. As of September 30, 2015, we had federal and state NOL carryforwards of \$52.9 million and \$36.9 million, respectively that will begin to expire in 2030 and 2032, respectively. As of September 30, 2015, we had federal

[Table of Contents](#)

foreign tax credit carryforwards of \$2.6 million available to reduce future tax liabilities, which begin to expire at various dates starting in 2023. As of September 30, 2015, we also had federal and state research and development tax credit carryforwards of \$4.2 million and \$1.7 million, respectively, which begin to expire in 2021.

In general, under Section 382 of the Internal Revenue Code of 1986, as amended, or the Code, a corporation that undergoes an “ownership change” is subject to limitations on its ability to utilize its NOLs to offset future taxable income. We have not completed a study to assess whether an ownership change has occurred in the past. Our existing NOLs may be subject to limitations arising from previous ownership changes, and if we undergo an ownership change in connection with or after this offering, our ability to utilize NOLs could be further limited by Section 382 of the Code. Future changes in our stock ownership, some of which are outside of our control, could result in an ownership change under Section 382 of the Code. Our NOLs are also subject to international regulations, which could restrict our ability to utilize our NOLs. Furthermore, our ability to utilize NOLs of companies that we may acquire in the future may be subject to limitations. There is also a risk that due to regulatory changes, such as suspensions on the use of NOLs, or other unforeseen reasons, our existing NOLs could expire or otherwise be unavailable to offset future income tax liabilities.

Results of Operations

Comparison of Three Months Ended March 31, 2016 and 2015

	Three months ended March 31,		Change
	2016	2015	
Collaboration revenues	\$ 994,894	\$ 494,894	\$ 500,000
Operating expenses:			
Research and development	4,138,277	10,154,469	(6,016,192)
General and administrative	(189,438)	4,342,090	(4,531,528)
	<u>3,948,839</u>	<u>14,496,559</u>	<u>(10,547,720)</u>
Loss from operations	(2,953,945)	(14,001,665)	11,047,720
Interest expense	537,935	705,929	(167,994)
Loss before income taxes	(3,491,880)	(14,707,594)	11,215,714
Income tax expense (benefit)	50,500	(726,218)	776,718
Net loss	<u>\$ (3,542,380)</u>	<u>\$ (13,981,376)</u>	<u>\$ 10,438,996</u>

Collaboration Revenues

Our collaboration revenues increased \$0.5 million, to \$1.0 million, for the three months ended March 31, 2016, as compared to \$0.5 million for the three months ended March 31, 2015. The change is attributable to achievement of a milestone resulting in a \$0.5 million payment.

[Table of Contents](#)*Research and Development Expenses*

The following table summarizes our research and development expenses by functional area for the three months ended March 31, 2016 and 2015:

	Three months ended March 31,	
	2016	2015
Preclinical and clinical development	\$ 3,548,055	\$ 3,950,096
Compensation and related benefits	3,839,549	2,293,998
Stock-based compensation	(3,281,214)	3,650,718
Regulatory filings and other	31,887	259,657
Total research and development expenses	<u>\$ 4,138,277</u>	<u>\$ 10,154,469</u>

The following table summarizes our research and development expenses by compound for the three months ended March 31, 2016 and 2015:

	Three months ended March 31,	
	2016	2015
ONS-3010	\$ 2,470,872	\$ 1,802,485
ONS-1045	1,079,783	1,595,790
Other research and development	131,135	811,477
Personnel related and stock-based compensation	456,487	5,944,717
Total research and development expenses	<u>\$ 4,138,277</u>	<u>\$ 10,154,469</u>

Research and development expenses were \$4.1 million for the three months ended March 31, 2016, compared to \$10.2 million for the three months ended March 31, 2015. The primary reason for the decrease was a reduction in stock-based compensation of \$6.9 million upon the re-measurement of our Performance Stock Units, or PSUs, in 2016. Additionally, as compared to our fiscal second quarter of 2015, we saw compensation expense increase by approximately \$1.5 million, direct ONS-3010 clinical and regulatory costs increase by \$0.7 million, direct ONS-1045 clinical and regulatory costs decrease by \$0.5 million and pre-clinical development costs decrease by \$0.7 million, as we increased staff and moved forward in our efforts to launch our Phase 3 clinical program for ONS-3010 later in 2016.

General and Administrative Expenses

The following table summarizes our general and administration expenses by type for the three months ended March 31, 2016 and 2015:

	Three months ended March 31,	
	2016	2015
Professional fees	\$ 55,688	\$ 242,678
Compensation and related benefits	603,519	708,424
Stock-based compensation	(1,165,275)	3,379,388
Fees and other	316,630	11,600
Total general and administration expenses	<u>\$ (189,438)</u>	<u>\$ 4,342,090</u>

General and administrative expenses were \$(0.2) million for the three months ended March 31, 2016, compared to \$4.3 million for the three months ended March 31, 2015. The decrease was primarily attributable to decreased stock-based compensation expense of \$4.6 million due to the re-measurement of our PSUs.

[Table of Contents](#)

Interest Expense

Interest expense decreased by \$0.2 million to \$0.5 million for the three months ended March 31, 2016 as compared to \$0.7 million for the three months ended March 31, 2015 primarily due to the reductions in outstanding balances under stockholder notes, and other debt obligations over the comparable period.

Comparison of Six Months Ended March 31, 2016 and 2015

	<u>Six months ended March 31,</u>		<u>Change</u>
	<u>2016</u>	<u>2015</u>	
Collaboration revenues	\$ 1,989,788	\$ 3,429,449	\$ (1,439,661)
Operating expenses:			
Research and development	16,872,253	15,994,499	877,754
General and administrative	4,484,717	5,579,929	(1,095,212)
	<u>21,356,970</u>	<u>21,574,428</u>	<u>(217,458)</u>
Loss from operations	(19,367,182)	(18,144,979)	(1,222,203)
Interest expense	936,910	1,063,509	(126,599)
Loss before income taxes	(20,304,092)	(19,208,488)	(1,095,604)
Income tax expense (benefit)	102,500	(319,855)	422,355
Net loss	<u>\$ (20,406,592)</u>	<u>\$ (18,888,633)</u>	<u>\$ (1,517,959)</u>

Collaboration Revenues

Our collaboration revenues decreased \$1.4 million, to \$2.0 million, for the six months ended March 31, 2016, as compared to \$3.4 million for the six months ended March 31, 2015. The change is primarily attributable to the \$1.5 million decrease in milestone payments partially offset by a \$60,000 increase in the amortization of deferred revenue.

Research and Development Expenses

The following table summarizes our research and development expenses by functional area for the six months ended March 31, 2016 and 2015:

	<u>Six months ended March 31,</u>	
	<u>2016</u>	<u>2015</u>
Preclinical and clinical development	\$ 10,555,088	\$ 7,474,624
Compensation and related benefits	7,654,906	4,499,087
Stock-based compensation	(1,924,806)	3,734,993
Regulatory filings and other	587,065	285,795
Total research and development expenses	<u>\$ 16,872,253</u>	<u>\$ 15,994,499</u>

[Table of Contents](#)

The following table summarizes our research and development expenses by compound for the six months ended March 31, 2016 and 2015:

	<u>Six months ended March 31,</u>	
	<u>2016</u>	<u>2015</u>
ONS-3010	\$ 6,679,178	\$ 3,350,397
ONS-1045	3,820,518	3,314,520
Other research and development	642,457	1,095,502
Personnel related and stock-based compensation	5,730,100	8,234,080
Total research and development expenses	<u>\$ 16,872,253</u>	<u>\$ 15,994,499</u>

Research and development expenses were \$16.9 million for the six months ended March 31, 2016, compared to \$16.0 million for the six months ended March 31, 2015. The primary reason for the increase of only \$0.9 million was a reduction in stock-based compensation of \$5.6 million upon the re-measurement of our PSUs in 2016. This offset the other increases, as compared to the first six months of our fiscal 2015, we saw compensation expense increase by approximately \$3.1 million, and direct ONS-3010 clinical and regulatory costs increase by \$3.3 million, as we increased staff and moved forward in our efforts to launch our Phase 3 clinical program for ONS-3010 later in 2016.

General and Administrative Expenses

The following table summarizes our general and administration expenses by type for the six months ended March 31, 2016 and 2015:

	<u>Six months ended March 31,</u>	
	<u>2016</u>	<u>2015</u>
Professional fees	\$ 2,270,714	\$ 760,709
Compensation and related benefits	1,726,896	1,213,956
Stock-based compensation	(31,529)	3,440,787
Fees and other	518,636	164,477
Total general and administration expenses	<u>\$ 4,484,717</u>	<u>\$ 5,579,929</u>

General and administrative expenses were \$4.5 million for the six months ended March 31, 2016, compared to \$5.6 million for the six months ended March 31, 2015. The decrease was primarily attributable to decreased compensation costs of approximately \$2.9 million, which included reduced stock-based compensation expense of \$3.5 million due to the re-measurement of our PSUs. Net of the stock based compensation costs, we saw higher compensation costs of \$0.6 million plus increased professional and other fees of approximately \$1.9 million all related to additional staff and services to prepare for our IPO in 2016.

Interest Expense

Interest expense decreased by \$0.1 million to \$0.9 million for the six months ended March 31, 2016 from \$1.0 million for the six months ended March 31, 2015 primarily due to the reductions in outstanding balances under stockholder notes and other debt obligations over the comparable period.

Liquidity and Capital Resources

We have not generated any revenue from biosimilar product sales. Since inception, we have incurred net losses and negative cash flows from our operations. Through March 31, 2016, we have funded substantially all of our operations through the sale and issuance of \$105.5 million net proceeds of our common stock, and sales of our preferred stock and borrowings under debt facilities. We have also received an aggregate of \$24.0 million pursuant to our collaboration and licensing agreements. As of March 31, 2016, we had an accumulated deficit of \$114.5 million and had a cash balance of \$2.8 million. In addition, we had \$9.7 million of indebtedness that is due on demand. These matters raise substantial doubt about our ability to continue as a going concern. Although we closed the IPO of our securities and the concurrent private placement to an accredited investor in May 2016 raising net proceeds of approximately \$29.8 million from our IPO and \$4.6 million from the concurrent private placement, in each case excluding any proceeds we may receive from the exercise of the Series A and Series B warrants, which we expect will fund our operations through June 2017, our unaudited interim consolidated financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from the outcome of this uncertainty. We anticipate incurring additional losses until such time, if ever, that we can generate significant sales of our product candidates currently in development. We will need substantial additional financing to fund our operations and to commercially develop our product candidates. Management is currently evaluating different strategies to obtain the required funding for future operations. These strategies may include, but are not limited to: private placements of equity and/or debt, payments from potential strategic research and development, licensing and/or marketing arrangements with pharmaceutical companies, and public offerings of equity and/or debt securities. There can be no assurance that these future funding efforts will be successful.

Our future operations are highly dependent on a combination of factors, including (i) the timely and successful completion of additional financing discussed above, (ii) our ability to complete revenue-generating partnerships with pharmaceutical companies, (iii) the success of our research and development, (iv) the development of competitive therapies by other biotechnology and pharmaceutical companies, and, ultimately, (v) regulatory approval and market acceptance of our proposed future products.

Cash Flows

The following table summarizes our cash flows for each of the periods presented:

	Six months ended March 31,	
	2016	2015
	(Unaudited)	
Net cash used in operating activities	\$ (19,070,494)	\$ (6,426,563)
Net cash used in investing activities	(317,293)	(2,020,557)
Net cash provided by financing activities	13,159,006	6,523,628
Net decrease in cash	<u>\$ (6,228,781)</u>	<u>\$ (1,923,492)</u>

Operating Activities.

During the six months ended March 31, 2016, we used \$19.1 million of cash in operating activities, primarily resulting from our net loss of \$20.4 million that included \$(0.7) million of noncash items and offset by \$2.1 million in net cash provided by changes in our operating assets and liabilities. The noncash items were primarily comprised of depreciation and amortization of our fixed assets, stock-based compensation, and the re-measurement of our PSU awards. The change in our operating assets and liabilities was primarily due to decreases in prepaid expenses and other current assets and deferred revenue; increases in accounts payable and accrued expenses related to our planned Phase 3 clinical trials and the timing of vendor payments. These inflows were partially offset primarily from an increase in accounts receivable from our collaboration and licensing agreements.

During the six months ended March 31, 2015, we used \$6.4 million of cash in operating activities, primarily resulting from our net loss of \$18.9 million that was offset by \$7.6 million of noncash items and \$4.8 million in net cash provided by changes in our operating assets and liabilities. The change in our operating assets and liabilities were primarily due to increases in deferred revenue related to our collaboration and licensing arrangements and accounts payable and accrued expenses related to our Phase 1 clinical trials

[Table of Contents](#)

and the timing of vendor payments. These inflows were partially offset by increases in accounts receivable related to our collaboration and licensing arrangements.

Investing Activities.

During the six months ended March 31, 2016 and 2015, we used cash of \$0.3 million and \$2.0 million, respectively, in investing activities for the purchase of property and equipment. The decrease in purchases of property and equipment during the six months ended March 31, 2016 was primarily attributable to the fact that the prior year period reflects the launch of our manufacturing facility, which resulted in significant increases in our laboratory equipment and leasehold improvements for the six months ended March 31, 2015.

Financing Activities.

During the six months ended March 31, 2016, net cash provided by financing activities was \$13.2 million, primarily attributable to \$16.1 million in net proceeds from the sale of our common stock and \$4.3 million in proceeds from the collection of subscriptions receivable. We also received \$0.8 million from Sonnet Biotherapeutics, Inc. in connection with their note receivable. These inflows were offset by \$7.4 million in debt payments, \$0.4 million upon the deconsolidation of Sonnet Biotherapeutics, Inc. and \$0.2 million in deferred IPO costs payments. See note 7 to our unaudited interim consolidated financial statements for more information regarding Sonnet Biotherapeutics, Inc.

During the six months ended March 31, 2015, net cash provided by financing activities was \$6.5 million, primarily attributable to \$8.4 million upon the issuance of stockholder notes offset by \$1.6 million in debt payments.

Off-Balance Sheet Arrangements

We did not have any off-balance sheet arrangements as of March 31, 2016.

Contractual Obligations and Commitments

There have been no material changes to our contractual obligations from those described in our prospectus dated May 12, 2016, filed with the SEC pursuant to Rule 424(b) under the Securities Act on May 13, 2016.

Critical Accounting Policies and Significant Judgments and Estimates

The Critical Accounting Policies and Significant Judgments and Estimates included in our prospectus dated May 12, 2016, filed with the SEC pursuant to Rule 424(b) under the Securities Act on May 13, 2016 have not materially changed.

JOBS Act Accounting Election

The JOBS Act, permits an “emerging growth company” such as us to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies until those standards would otherwise apply to private companies. We have irrevocably elected to “opt out” of this provision and, as a result, we will comply with new or revised accounting standards when they are required to be adopted by public companies that are not emerging growth companies.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are exposed to market risks in the ordinary course of our business. As of March 31, 2016, we had \$2.8 million of cash, and we had approximately \$14.7 million of debt obligations. Our cash is deposited in accounts at three financial institutions, and amounts may exceed federally insured limits. We do not believe we are exposed to significant credit risk due to the financial strength of the depository institutions in which the cash is held. As a result, a change in market interest rates would not have a material impact on our financial position or results of operations.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act refers to controls and procedures that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Our management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and our management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Our management, with the participation of our chief executive officer and our chief financial officer, evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, our chief executive officer and our chief financial officer concluded that our disclosure controls and procedures were effective, at the reasonable assurance level, as of the end of the period covered by this report.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting during our second fiscal quarter ended March 31, 2016.

Part II. Other Information

Item 1. Legal Proceedings

From time to time, we may become involved in litigation relating to claims arising from the ordinary course of business. Our management believes that there are currently no claims or actions pending against us, the ultimate disposition of which would have a material adverse effect on our results of operations, financial condition or cash flows.

Item 1A. Risk Factors

The Risk Factors included in our prospectus dated May 12, 2016, filed with the SEC pursuant to Rule 424(b) under the Securities Act on May 13, 2016 have not materially changed.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Unregistered Sales of Equity Securities

In January 2016, we sold an aggregate of 87,287 shares of our common stock to 5 accredited investors for a purchase price of \$29.05 per share or approximately \$2.5 million in the aggregate. Jefferies LLC, Arlight Advisors LLC and Alere Financial Partners (a division of COVA Capital Partners, LLC), each a registered broker-dealer and member of Financial Industry Regulation Authority, Inc., served as placement agents in this offering. The placement agents earned an aggregate of approximately \$0.2 million in commissions with respect to this offering.

In April 2016, we issued 30,421 restricted stock unit awards under our 2015 Equity Incentive Plan.

Use of Proceeds

On May 12, 2016, the Registration Statement on Form S-1 (File No. 333-204091) for our initial public offering of units was declared effective by the SEC, pursuant to which we sold an aggregate 5.8 million units at a public offering price of \$6.00 per unit for an aggregate offering price of \$35.0 million. Jefferies LLC and Barclays Capital Inc. acted as joint book-running managers for the offering, and Cantor Fitzgerald & Co. acted as the lead manager. We received net proceeds from the IPO of approximately \$29.8 million, after deducting approximately \$5.2 million of underwriting discounts, commissions and offering expenses. None of these expenses consisted of payments made by us to directors, officers or persons owning 10% or more of our common stock

[Table of Contents](#)

or to their associates, or to our affiliates. There has been no material change in the planned use of proceeds from our initial public offering as described in our prospectus dated May 12, 2016 filed with the SEC on May 13, 2016 pursuant to Rule 424(b)(4).

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

ONCOBIOLOGICS, INC.

Date: June 27, 2016

By: /s/ Lawrence A. Kenyon
Lawrence A. Kenyon
Chief Financial Officer and Secretary, (Principal Accounting and Financial Officer)

WARRANT AGREEMENT

ONCOBIOLOGICS, INC.

AND

AMERICAN STOCK TRANSFER & TRUST COMPANY, LLC, AS WARRANT AGENT

THIS WARRANT AGREEMENT (this “*Agreement*”), dated as of May 18, 2016, is by and between Oncobiologics, Inc., a Delaware corporation (the “*Company*”), and American Stock Transfer & Trust Company, LLC, a New York limited liability trust company, as Warrant Agent (the “*Warrant Agent*”).

WHEREAS, the Company is engaged in an initial public offering (the “*Offering*”) of units (the “*Units*,” and each a “*Unit*”), with each unit consisting of (i) one share of common stock, \$0.01 par value per share (the “*Common Stock*”), of the Company, (ii) one-half of a Series A warrant to purchase one share of Common Stock at a purchase price of \$6.60 per share, subject to adjustment as described herein (each, a “*Series A Warrant*”) and (iii) one-half of a Series B warrant to purchase one share of Common Stock at a purchase price of \$8.50 per share, subject to adjustment as described herein (each, a “*Series B Warrant*,” and, together with the Series A Warrants, hereinafter referred to as the “*Warrants*”);

WHEREAS, the Company has filed with the Securities and Exchange Commission (the “*Commission*”) a registration statement, as amended, on Form S-1, No. 333-209011 (the “*Registration Statement*”) and prospectus (the “*Prospectus*”), for the registration, under the Securities Act of 1933, as amended (the “*Securities Act*”), of the offer and sale of the Units, the Common Stock underlying the Units, the Warrants and the Common Stock issuable upon exercise of the Warrants;

WHEREAS, the Company desires the Warrant Agent to act on behalf of the Company, and the Warrant Agent is willing to so act, in connection with the issuance, registration, transfer, exchange and exercise of the Warrants;

WHEREAS, the Company desires to provide for the form and provisions of the Warrants, the terms upon which they shall be issued and exercised, and the respective rights, limitation of rights, and immunities of the Company, the Warrant Agent, and the holders of the Warrants (each a “*Holder*”); and

WHEREAS, all acts and things have been done and performed which are necessary to make the Warrants, when executed on behalf of the Company and countersigned by or on behalf of the Warrant Agent, as provided herein, the valid, binding and legal obligations of the Company, and to authorize the execution and delivery of this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. Appointment of Warrant Agent. The Company hereby appoints the Warrant Agent to act as agent for the Company for the Warrants, and the Warrant Agent hereby accepts such appointment and agrees to perform the same in accordance with the terms and conditions set forth in this Agreement.
2. Warrants.
 - 2.1 Form of Warrants. Each Series A Warrant and Series B Warrant shall be issued in registered form only and shall be in substantially the forms attached hereto as Exhibit A and Exhibit B, respectively, the provisions of which are incorporated herein. Each Warrant shall be signed by, or bear the facsimile signature of, the President, Chief Executive Officer or Chief Financial Officer of the Company. In the event the person whose facsimile signature has been placed upon any Warrant shall have ceased to serve in the capacity in which such person signed the Warrant before such Warrant is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance.
 - 2.2 Effect of Countersignature. Unless and until countersigned by the Warrant Agent pursuant to this Agreement, a

Warrant shall be invalid and of no effect and may not be exercised by the Holder thereof.

2.3 Registration.

2.3.1 Warrant Register. The Warrant Agent shall maintain books (the “**Warrant Register**”), for the registration of original issuance and the registration of transfer of the Warrants. Upon the initial issuance of the Warrants, the Warrant Agent shall issue and register the Warrants in the names of the respective Holders thereof in such denominations and otherwise in accordance with instructions delivered to the Warrant Agent by the Company.

2.3.2 Registered Holder. Prior to due presentment for registration of transfer of any Warrant, the Company and the Warrant Agent may deem and treat the person in whose name such Warrant is registered in the Warrant Register (the “**Registered Holder**”) as the absolute owner of such Warrant and of each Warrant represented thereby (notwithstanding any notation of ownership or other writing on the Warrant Certificate (as defined below) made by anyone other than the Company or the Warrant Agent), for the purpose of any exercise thereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary.

3. Terms and Exercise of Warrants.

3.1 Detachability of Warrants. Each of the Common Stock and the Warrants comprising the Units will begin to trade separately on (i) the first trading day following the 30th day after the effectiveness of the Registration Statement, or (ii) such earlier date as Jefferies LLC and Barclays Capital Inc., as representatives of the underwriters in the Offering (the “**Representatives**”), shall determine is acceptable (such date, the “**Detachment Date**”). In no event will separate trading of the securities comprising the Units commence until the Company issues a press release announcing when such separate trading will begin.

3.2 Exercise Price.

3.2.1 Series A Warrants. Each Series A Warrant shall, when countersigned by the Warrant Agent, entitle the Registered Holder thereof, subject to the provisions of such Series A Warrant and of this Agreement, to purchase from the Company the number of shares of Common Stock of the Company stated therein, at the price of \$6.60 per share, subject to the adjustments provided herein; provided, however, that only whole Series A Warrants may be exercised.

3.2.2 Series B Warrants. Each Series B Warrant shall, when countersigned by the Warrant Agent, entitle the Registered Holder thereof, subject to the provisions of such Series B Warrant and of this Agreement, to purchase from the Company the number of shares of Common Stock of the Company stated therein, at the price of \$8.50 per share, subject to the adjustments provided herein; provided, however, that only whole Series B Warrants may be exercised.

3.2.3 The term “**Exercise Price**” as used in this Agreement shall mean the price per share at which the shares of Common Stock may be purchased at the time a whole Series A Warrant or whole Series B Warrant, as the case may be, is exercised.

3.3 Duration of Warrants.

3.3.1 Series A Warrants. Each Series A Warrant may be exercised, in whole or in part, at any time during the period commencing on the Detachment Date and ending at 5:00pm New York City time on February 18, 2017.

3.3.2 Series B Warrants. Each Series B Warrant may be exercised, in whole or in part, at any time during the period commencing on the Detachment Date and ending at 5:00pm New York City time on May 18, 2018.

3.3.3 For purposes of this Agreement, the term “**Expiration Date**” means February 18, 2017 with respect to the Series A Warrants and May 18, 2018 with respect to the Series B Warrants and the term “**Exercise Period**” means the period during which the Series A Warrant or Series B Warrant, as the case may be, is exercisable, as described in subsection 3.1, 3.3.1 or 3.3.2 hereof. Each Warrant not exercised on or before the Expiration Date shall become void, and all rights thereunder and all rights in respect thereof under this Warrant Agreement shall cease at the close of business on the Expiration Date. The Company may extend the duration of the Warrants by delaying the Expiration Date; provided, however, that the Company will provide notice of not less than 20 days to Registered Holders of such extension and that such extension shall be identical in duration among all of the then outstanding Warrants.

3.3.4 The exercise of any Warrant shall be subject to the satisfaction of any applicable conditions, as set forth in subsection 3.4.2 below with respect to an effective registration statement. Any Warrant not exercised on or before the applicable Expiration Date shall become void, and all rights thereunder and all rights in respect thereof under this Agreement shall cease at 5:00 p.m. New York City time on such Expiration Date.

3.4 Exercise of Warrants.

3.4.1 Payment. Subject to the provisions of the Warrant and this Agreement, a Warrant, when countersigned by the Warrant Agent, may be exercised by the Registered Holder thereof by submitting a duly executed election to purchase attached to the applicable Warrant, at the office of the Warrant Agent in the Borough of Brooklyn, City and State of New York or at the office of its successor as Warrant Agent, in the Borough of Brooklyn, City and State of New York, which may be done by paying, within two (2) days of the date of exercise, in full the Exercise Price for each whole share of Common Stock as to which the Warrant is exercised, in lawful money of the United States of America, by wire transfer or in good certified check or good bank draft payable to the order of the Company or by Cashless Exercise solely in accordance with Section 3.3.2 hereof. The Registered Holder shall not be required to deliver the original Warrant being exercised in order to effect an exercise hereunder. Upon delivery of an exercise notice, the Holder shall be deemed for all corporate purposes to have become the holder of record of the Common Stock with respect to which such Warrant has been exercised, irrespective of the date such shares of Common Stock are credited to the Holder's DTC account or the date of delivery of the certificates evidencing such shares of Common Stock (as the case may be).

***Checks should be payable to American Stock Transfer & Trust Company, LLC. Originals need to be mailed to American Stock Transfer, Attention: [—]. Wired funds for exercise should be wired to:

JP MORGAN CHASE BANK
ABA # [—]
ACCT # [—]
ACCT NAME: AMERICAN STOCK TRANSFER & TRUST CO
AS AGENT FOR WARRANTS
ATTN: [—]

3.4.2 Cashless Exercise. Notwithstanding anything contained herein to the contrary, if and only if an effective registration statement covering the offer and sale of the shares of Common Stock that are subject to the exercise notice is not available for the issuance of such shares of Common Stock, the Registered Holder may exercise, by submitting a duly executed election to Cashless Exercise (as defined below) to the Company pursuant to Section 8.2 herein, a Warrant in whole or in part and, in lieu of making the cash payment otherwise contemplated to be made to the Company upon such exercise in payment of the aggregate Exercise Price, elect instead to receive upon such exercise the "Net Number" of shares of Common Stock determined according to the following formula (a "**Cashless Exercise**"):

$$\text{Net Number} = \frac{(A \times B) - (A \times C)}{B}$$

For purposes of the foregoing formula:

- A = the total number of shares with respect to which the Warrant is then being exercised.
- B = the arithmetic average of the Closing Sale Prices (as defined below) of the Common Stock for the five (5) consecutive Trading Days ending on the date immediately preceding the date of the Exercise Notice.
- C = the Exercise Price then in effect for the applicable shares of Common Stock at the time of such exercise.

The term "**Closing Sale Price**" means, for any security as of any date, the last closing bid price and last closing trade price, respectively, for such security on the Nasdaq Global Market, as reported by Bloomberg, L.P. ("**Bloomberg**"), or, if the Nasdaq Global Market begins to operate on an extended hours basis and does not designate the closing bid price or the closing trade price, as the case may be, then the last bid price or the last trade price, respectively, of such security prior to 4:00:00 p.m., New York time, as reported by Bloomberg, or, if the Nasdaq Global Market is not the principal securities exchange or trading market for such security, the last closing bid price or last trade price, respectively, of such security on the principal securities exchange or trading market where such security is listed or traded as reported by Bloomberg, or if the foregoing do not apply, the last closing bid price or last trade price, respectively, of such security in the over-the-counter market on the electronic bulletin board for such security as reported by Bloomberg, or, if no closing bid price or last trade price, respectively, is reported for such security by Bloomberg, the average of the bid prices, or the ask prices, respectively,

of any market makers for such security as reported in the OTC Link or “pink sheets” by OTC Markets Group Inc. (formerly Pink OTC Markets Inc.). If the Closing Sale Price cannot be calculated for a security on a particular date on any of the foregoing bases, the Closing Sale Price of such security on such date shall be the fair market value as mutually determined by the Company and the Registered Holder. If the Company and the Registered Holder are unable to agree upon the fair market value of such security, then such dispute shall be resolved pursuant to Section 8.4 hereof. All such determinations to be appropriately adjusted for any stock dividend, stock split, stock combination or other similar transaction during the applicable calculation period.

For purposes of Rule 144(d) promulgated under the Securities Act, as in effect on the date hereof, assuming the Registered Holder is not an affiliate of the Company, the shares of Common Stock issued in a Cashless Exercise shall be deemed to have been acquired by the Registered Holder, and the holding period for the Common Stock shall be deemed to have commenced, on the date the Warrant was originally issued.

3.4.3 Issuance of Common Stock on Exercise. Assuming funds for exercise are paid on or before the second trading day following the date of receipt by the Company of an exercise notice, then on or before the third trading day following the date upon which the Company has received an exercise notice for a Warrant, the Company shall cause its transfer agent to (i) provided that the transfer agent is participating in The Depository Trust Company (“DTC”) Fast Automated Securities Transfer Program, credit such aggregate number of shares of Common Stock to which the Holder is entitled pursuant to such exercise to the Holder’s or its designee’s balance account with DTC through its Deposit/Withdrawal at Custodian System, or (ii) if the transfer agent is not participating in the DTC Fast Automated Securities Transfer Program, issue and deliver to the Holder, or at the Holder’s instruction pursuant to the delivered exercise notice, the Holder’s agent or designee, in each case pursuant to this clause (ii), sent by reputable overnight courier to the address specified in the applicable exercise notice, a certificate, registered in the Company’s share register in the name of the Holder or its designee (as indicated in the applicable exercise notice), for the number of shares of Common Stock to which the Holder is entitled pursuant to such exercise.

3.4.4 Valid Issuance. All shares of Common Stock issued or issuable upon the proper exercise of a Warrant in conformity with this Agreement shall be validly issued, fully paid and nonassessable.

3.4.5 Share Delivery Failure. If the Company shall fail, for any reason or for no reason, to issue to the Holder within three (3) trading days after receipt of the applicable exercise notice (the “*Share Delivery Deadline*”), a certificate for the number of shares of Common Stock to which the Holder is entitled upon Holder’s exercise of a Warrant, or credit the Holder’s balance account with DTC for such number of shares of Common Stock to which the Holder is entitled upon the Holder’s exercise of a Warrant (as the case may be, but in each case without a restrictive legend) (a “*Delivery Failure*”), then the Holder will have the right to rescind such exercise by giving written notice to the Company.

3.5 Beneficial Ownership Limitation on Exercises. The Company shall not affect the exercise of any portion of a Warrant, and the Registered Holder of such Warrant shall not have the right to exercise any portion of such Warrant, to the extent that after giving effect to such exercise, the Registered Holder (together with the Registered Holder’s affiliates, and any persons acting as a group together with the Holder or any Registered Holder’s affiliates) would beneficially own in excess of 9.99% (the “*Maximum Percentage*”) of the shares of Common Stock outstanding immediately after giving effect to such exercise, provided, however, that the foregoing limitation on exercise shall not apply to any Registered Holder who, together with such Registered Holder’s affiliates, and any persons acting as a group together with such Registered Holder and such Registered Holder’s affiliates, owns in excess of the Maximum Percentage immediately prior to the closing of the Offering. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock beneficially owned by such Registered Holder and its affiliates shall include the number of shares of Common Stock issuable upon exercise of a Warrant with respect to which the determination of such sentence is being made, but shall exclude Common Stock which would be issuable upon (i) exercise of the remaining, unexercised portion of such Warrant beneficially owned by the Registered Holder and its affiliates and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company beneficially owned by the Registered Holder and its affiliates (including, without limitation, any convertible notes or convertible preferred stock or warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Registered Holder or any of its affiliates. Except as set forth in the preceding sentence, for purposes of this paragraph, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”). To the extent that the limitation contained in this Section 3.5

applies, the Registered Holder's submission of an Election to Purchase shall be deemed to be the Registered Holder's determination of whether a Warrant is exercisable (in relation to any other securities owned by the Registered Holder together with any affiliates) and of which portion of a Warrant is exercisable, in each case subject to the Maximum Percentage, and the Company shall have no obligation to verify or confirm the accuracy of such determination. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder. For purposes of the Warrants, in determining the number of outstanding shares of Common Stock, the Registered Holder may rely on the number of outstanding shares of Common Stock as reflected in the most recent of (A) the Company's most recent Form 10-K, Form 10-Q, Form 8-K or other public filing with the Commission, as the case may be, (B) a more recent public announcement by the Company or (C) any other notice by the Company or its transfer agent setting forth the number of shares of Common Stock outstanding. For any reason at any time, upon the written or oral request of the Registered Holder, the Company shall within three (3) trading days confirm to the Registered Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including any Warrant, by the Registered Holder and its affiliates since the date as of which such number of outstanding shares of Common Stock was reported. By written notice to the Company, the Registered Holder may from time to time increase or decrease the Maximum Percentage to any other percentage of the number of shares of Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock upon exercise of a Warrant and the provisions of this Section 3.4 shall continue to apply; provided that (i) any such increase will not be effective until the sixty-first (61st) day after such notice is delivered to the Company, and (ii) any such increase or decrease will apply only to that Registered Holder. For purposes of clarity, the Common Stock underlying any Warrant in excess of the Maximum Percentage for a Registered Holder shall not be deemed to be beneficially owned by that Registered Holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 3.4 to the extent necessary to correct this paragraph (or any portion hereof) which may be defective or inconsistent with the intended beneficial ownership limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such limitation.

4. Adjustments.

4.1 Stock Dividends.

4.1.1 Share Dividends and Splits. If after the date hereof, and subject to the provisions of Section 4.5 below, the number of outstanding shares of Common Stock is increased by a stock dividend payable in shares of Common Stock, or by a stock split of the Common Stock or other similar event, then, on the effective date of such stock dividend, stock split or similar event (which, for the avoidance of doubt, shall not include any shares of Common Stock issued by the Company upon exercise of the Warrants), the number of shares of Common Stock issuable on exercise of each Warrant shall be increased in proportion to such increase in the outstanding shares of Common Stock and the Exercise Price shall be proportionally decreased such that the aggregate Exercise Price, after such adjustments, remains the same for each Warrant.

4.1.2 Other Distributions. If the Company shall declare any distribution (which, for the avoidance of doubt, shall not include any shares of Common Stock issued by the Company upon exercise of the Warrants) of its assets (or rights to acquire its assets) to holders of shares of Common Stock, by way of return of capital or otherwise (including, without limitation, any distribution of cash, stock or other securities, property or options by way of a dividend, spin off, reclassification, corporate rearrangement, scheme of arrangement or other similar transaction), except to the extent an adjustment was already made pursuant to Section 4.1.1 or 4.2 (a "**Distribution**"), at any time after the issuance of a Warrant, then, in each such case, the Company shall reserve and put aside the maximum Distribution amount the Holder would have been entitled to receive if the Holder had held the number of shares of Common Stock acquirable upon complete exercise of such Warrant (without regard to any limitations on exercise thereof, including without limitation, the Maximum Percentage) immediately before the date on which a record is taken for such Distribution, or, if no such record is taken, the date as of which the record holders of Common Stock are to be determined for the participation in such Distribution. Upon exercise of a Warrant, in whole or in part, the Company shall, contemporaneously with the delivery of the Common Stock, distribute to the Holder a pro rata portion of such Distribution based on the portion of the Warrant that has been exercised (provided, however, to the extent that the Holder's right to participate in any such Distributions would result in the Holder exceeding

the Maximum Percentage, then the Holder shall not be entitled to participate in such Distribution at such time and to such extent (or the beneficial ownership of any such shares of Common Stock as a result of such Distribution to such extent) and such Distribution to such extent shall be held in abeyance for the benefit of the Holder until such time, if ever, as its right thereto would not result in the Holder exceeding the Maximum Percentage, at which time or times the Holder shall be granted such Distribution (and any Distributions declared or made on such initial Distribution or on any subsequent Distribution to be held similarly in abeyance) to the same extent as if there had been no such limitation).

- 4.2 **Aggregation of Shares.** If after the date hereof, and subject to the provisions of Section 4.5 hereof, the number of outstanding shares of Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of the Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be decreased in proportion to such decrease in outstanding shares of Common Stock and the Exercise Price shall be proportionally increased such that the aggregate Exercise Price, after such adjustments, remains the same for each Warrant.
- 4.3 **Purchase Rights.** If at any time the Company grants, issues or sells any options, convertible securities or rights to purchase stock, warrants, securities or other property pro rata to the record holders of Common Stock (the "**Purchase Rights**"), then the Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which the Holder could have acquired if the Holder had held the number of shares of Common Stock acquirable upon complete exercise of a Warrant (without regard to any limitations on exercise hereof, including without limitation, the Maximum Percentage) immediately before the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the grant, issue or sale of such Purchase Rights (provided, however, to the extent that the Holder's right to participate in any such Purchase Right would result in the Holder exceeding the Maximum Percentage, then the Holder shall not be entitled to participate in such Purchase Right to such extent (or beneficial ownership of such shares of Common Stock as a result of such Purchase Right to such extent) and such Purchase Right to such extent shall be held in abeyance for the Holder until such time, if ever, as its right thereto would not result in the Holder exceeding the Maximum Percentage, at which time or times the Holder shall be granted such right (and any Purchase Right granted, issued or sold on such initial Purchase Right or on any subsequent Purchase Right to be held similarly in abeyance) to the same extent as if there had been no such limitation).
- 4.4 **Fundamental Transactions.** If, at any time while the Warrants are outstanding, (i) the Company, directly or indirectly, in one or more related transactions effects any merger or consolidation of the Company with or into another person, (ii) the Company, directly or indirectly, effects any sale, lease, license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions, (iii) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Company or another person) is completed pursuant to which holders of Common Stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding shares of Common Stock, (iv) the Company, directly or indirectly, in one or more related transactions effects any reclassification, reorganization or recapitalization of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, or (v) the Company, directly or indirectly, in one or more related transactions consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off or scheme of arrangement) with another person or group of persons whereby such other person or group acquires more than 50% of the outstanding shares of Common Stock (not including any shares of Common Stock held by the other person or other persons making or party to, or associated or affiliated with the other persons making or party to, such stock or share purchase agreement or other business combination) (each, a "**Fundamental Transaction**"), then, upon any subsequent exercise of a Warrant, the Registered Holder of such Warrant shall be entitled to receive, for each share of Common Stock that would have been issuable upon such exercise immediately prior to the occurrence of such Fundamental Transaction (without regard to any limitation in Section 3.4 on the exercise of the Warrants), the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and any additional consideration (the "**Alternate Consideration**") which, in all cases, was received as a result of such Fundamental Transaction by a holder of the number of shares of Common Stock for which a Warrant is exercisable immediately prior to such Fundamental Transaction (without regard to any limitation in Section 3.4 on the exercise of the Warrants). If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental

Transaction, then each Registered Holder shall be given the same choice. Notwithstanding anything to the contrary, (a) if the holders of Common Stock received, as a result of such Fundamental Transaction, a consideration or Alternate Consideration (whether from the Company or from any other person, and whether such consideration or Alternate Consideration is comprised of cash, securities or other property) (such consideration attributed to one share of Common Stock: the “**Fundamental Transaction Consideration Per Share of Common Stock**”) with respect to some but not all of their shares of Common Stock (including in the event that they have tendered only some of the shares of Common Stock which such shareholders have initially requested to tender) then, upon any subsequent exercise of a Warrant, the Registered Holder of such Warrant shall be entitled to receive such consideration on a pro-rata basis, based on the number of shares of Common Stock underlying its Warrant; and (b) in the event that the Fundamental Transaction Consideration Per Share of Common Stock paid as a result of such Fundamental Transaction is paid by the Successor Entity (as defined below) or by any other person other than the Company, then such Successor Entity or the other person shall assume and be responsible to pay the Fundamental Transaction Consideration Per Share of Common Stock upon any subsequent exercise of a Warrant. The Company shall cause any successor entity in a Fundamental Transaction in which the Company is not the survivor (the “**Successor Entity**”) to assume in writing all obligations of the Company under each Warrant in accordance with the provisions of this Section 4.4 pursuant to agreements in form and substance reasonably satisfactory to the Registered Holders and approved by the Registered Holder (without unreasonable delay) prior to such Fundamental Transaction and shall, at the option of each Registered Holder, deliver to such Registered Holder in exchange for such Registered Holder’s Warrant a written instrument substantially similar in form and substance to such Registered Holder’s Warrant which is exercisable for a corresponding number of shares of capital stock of such Successor Entity (or its parent entity) equivalent to the shares of Common Stock acquirable and receivable upon exercise of such Warrant (without regard to the limitations on exercise set forth in Section 3.4) prior to such Fundamental Transaction, and with an exercise price which applies the Exercise Price hereunder to such shares of capital stock (but taking into account the relative value of the Common Stock pursuant to such Fundamental Transaction and the value of such shares of capital stock, such number of shares of capital stock and such exercise price being for the purpose of protecting the economic value of such Warrant immediately prior to the consummation of such Fundamental Transaction). Upon the occurrence of any such Fundamental Transaction, the Successor Entity shall succeed to, and be substituted for (so that from and after the date of such Fundamental Transaction, the provisions of this Agreement and each Warrant referring to the “Company” shall refer instead to the Successor Entity), and may exercise every right and power of the Company and shall assume all of the obligations of the Company under this Agreement and each Warrant with the same effect as if such Successor Entity had been named as the Company herein.

- 4.5 Calculations. All calculations under this Section 4 shall be made to the nearest cent or the nearest whole share, as the case may be. For purposes of this Section 4, any calculation of the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall not include treasury shares, if any. Notwithstanding anything to the contrary in this Section 4, no adjustment in the Exercise Price shall be required unless such adjustment would require an increase or decrease of at least 1% in such price; provided, however, that any adjustments which by reason of the immediately preceding sentence are not required to be made shall be carried forward and taken into account in any subsequent adjustment. In any case in which this Section 4 shall require that an adjustment in the Exercise Price be made effective as of a record date for a specified event, if the Registered Holder exercises a Warrant after such record date, the Company may elect to defer, until the occurrence of such event, the issuance of Common Stock and other capital stock of the Company in excess of the Common Stock and other capital stock of the Company, if any, issuable upon such exercise on the basis of the Exercise Price in effect prior to such adjustment; provided, however, that in such case the Company or the Warrant Agent shall deliver to the Registered Holder a due bill or other appropriate instrument evidencing the Registered Holder’s right to receive such additional shares and/or other capital securities upon the occurrence of the event requiring such adjustment.
- 4.6 Notices of Changes in Warrant. Upon every adjustment of the Exercise Price or the number of shares issuable upon exercise of a Warrant, the Company shall give written notice thereof to the Warrant Agent, which notice shall state the Exercise Price resulting from such adjustment and the increase or decrease, if any, in the number of shares purchasable at such price upon the exercise of a Warrant, setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. Upon occurrence of any event specified in Sections 4.1, 4.2, 4.3 or 4.4, the Company shall give written notice of the occurrence of such event to each Warrant holder, at the last address set forth for such holder in the Warrant Register, of the record date or the effective date of the event. Failure to give such notice, or any defect therein, shall not affect the legality or validity of such event.

- 4.7 No Fractional Shares. Notwithstanding any provision contained in this Agreement to the contrary, the Company shall not issue fractional shares upon exercise of Warrants. If, by reason of any adjustment made pursuant to this Section 4, the holder of any whole Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share, the Company shall, upon such exercise, round to the nearest whole number, the number of shares of Common Stock to be issued to such holder.
- 4.8 Form of Warrant. The form of Series A Warrant and Series B Warrant need not be changed because of any adjustment pursuant to this Section 4, and Warrants issued after such adjustment may state the same Exercise Price and the same number of shares as is stated in the Warrants initially issued pursuant to this Agreement.
- 4.9 Other Events. In case any event shall occur affecting the Company as to which none of the provisions of preceding subsections of this Section 4 are strictly applicable, but which would require an adjustment to the terms of the Warrants in order to (i) avoid an adverse impact on the Warrants and (ii) effectuate the intent and purpose of this Section 4, then, in each such case, the Company shall appoint a firm of independent public accountants, investment banking or other appraisal firm of recognized national standing, which shall give its opinion as to whether or not any adjustment to the rights represented by the Warrants is necessary to effectuate the intent and purpose of this Section 4 and, if they determine that an adjustment is necessary, the terms of such adjustment. The Company shall adjust the terms of the Warrants in a manner that is consistent with any adjustment recommended in such opinion.
5. Transfer and Exchange of Warrants.
- 5.1 Registration of Transfer. The Warrant Agent shall register the transfer, from time to time, of any outstanding Warrant upon the Warrant Register, upon surrender of such Warrant for transfer, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Warrant representing an equal aggregate number of Warrants shall be issued and the old Warrant shall be cancelled by the Warrant Agent. The Warrants so cancelled shall be delivered by the Warrant Agent to the Company from time to time upon request.
- 5.2 Procedure for Surrender of Warrants. Warrants may be surrendered to the Warrant Agent, together with a written request for exchange or transfer, and thereupon the Warrant Agent shall issue in exchange therefor one or more new Warrants as requested by the Registered Holder of the Warrants so surrendered, representing an equal aggregate number of Warrants.
- 5.3 Warrant Execution and Countersignature. The Warrant Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Warrants required to be issued pursuant to the provisions of this Section 5.
6. Other Provisions Relating to Rights of Holders of Warrants.
- 6.1 No Rights as Stockholder. A Warrant does not entitle the Registered Holder thereof to any of the rights of a stockholder of the Company, including, without limitation, except as otherwise set forth herein or in any Warrant, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as stockholders in respect of the meetings of stockholders or the election of directors of the Company or any other matter.
- 6.2 Lost, Stolen, Mutilated, or Destroyed Warrants. If any Warrant is lost, stolen, mutilated, or destroyed, the Company and the Warrant Agent may on such terms as to indemnity bond or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Warrant, include the surrender thereof), issue a new Warrant of like denomination, tenor, and date as the Warrant so lost, stolen, mutilated, or destroyed. Any such new Warrant shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Warrant shall be at any time enforceable by anyone.
- 6.3 Reservation of Common Stock. The Company shall at all times reserve and keep available a number of its authorized but unissued shares of Common Stock that shall be sufficient to permit the exercise in full of all outstanding Warrants issued pursuant to this Agreement.

6.4 Registration of Common Stock. The Company registered the Warrants and the Common Stock underlying the Warrants in the Registration Statement. The Company will use its reasonable best efforts to maintain the effectiveness of such Registration Statement and the current status of the Prospectus or to file and maintain the effectiveness of another registration statement and another current prospectus covering the Common Stock issuable upon exercise of the Warrants at any time that the Warrants are exercisable. In addition, the Company agrees to use its reasonable best efforts to register such shares of Common Stock under the blue sky laws of the states of residence of the exercising Warrant holders to the extent an exemption from such registration is not available.

7. Concerning the Warrant Agent and Other Matters.

7.1 Payment of Taxes. The Company shall from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Warrant Agent in respect of the issuance or delivery of the Common Stock upon the exercise of the Warrants, but the Company shall not be obligated to pay any transfer taxes in respect of the Warrants or such shares. Except as otherwise required by law, the Company shall not be obligated to honor the exercise of any Warrant by or on behalf of a Registered Holder until all tax consequences (if any) arising from the exercise of such Warrant are resolved in a manner reasonably acceptable to the Company.

7.2 Resignation, Consolidation, or Merger of Warrant Agent.

7.2.1 Appointment of Successor Warrant Agent. The Warrant Agent, or any successor hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days' notice in writing to the Company. If the office of the Warrant Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Warrant Agent in place of the Warrant Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after it has been notified in writing of such resignation or incapacity by the Warrant Agent or by the holder of a Warrant (who shall, with such notice, submit his Warrant for inspection by the Company), then the holder of any Warrant may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Warrant Agent at the Company's cost. Any successor Warrant Agent, whether appointed by the Company or by such court, shall be a corporation in good standing in the State of New York and having its principal office in the Borough of Brooklyn, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Warrant Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Warrant Agent with like effect as if originally named as Warrant Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Warrant Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Warrant Agent all the authority, powers, and rights of such predecessor Warrant Agent hereunder; and upon request of any successor Warrant Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Warrant Agent all such authority, powers, rights, immunities, duties, and obligations.

7.2.2 Notice of Successor Warrant Agent. In the event a successor Warrant Agent shall be appointed, the Company shall give notice thereof to the predecessor Warrant Agent and the transfer agent for the Common Stock not later than the effective date of any such appointment.

7.2.3 Merger or Consolidation of Warrant Agent. Any company into which the Warrant Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Warrant Agent shall be a party shall be the successor Warrant Agent under this Agreement without any further act.

7.3 Fees and Expenses of Warrant Agent.

7.3.1 Remuneration. The Company agrees to pay the Warrant Agent reasonable remuneration for its services as such Warrant Agent hereunder and any transfer agent fees which are in addition thereto and shall, pursuant to its obligations under this Agreement, reimburse the Warrant Agent upon demand for all expenditures that the Warrant Agent may reasonably incur in the execution of its duties hereunder.

7.3.2 Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Warrant Agent for the carrying out or performing of the provisions of this Agreement.

7.4 Liability of Warrant Agent.

7.4.1 Reliance on Company Statement. Whenever in the performance of its duties under this Agreement, the Warrant Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a statement signed by the President, Chief Executive Officer or Chief Financial Officer of the Company and delivered to the Warrant Agent. The Warrant Agent may rely upon such statement for any action taken or suffered in good faith by it pursuant to the provisions of this Agreement.

7.4.2 Indemnity. The Warrant Agent shall be liable hereunder only for its own gross negligence, willful misconduct or bad faith. The Company agrees to indemnify the Warrant Agent and save it harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, for anything done or omitted by the Warrant Agent in the execution of this Agreement, except as a result of the Warrant Agent's gross negligence, willful misconduct or bad faith.

7.4.3 Exclusions. The Warrant Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Warrant (except its countersignature thereof). The Warrant Agent shall not be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Warrant. The Warrant Agent shall not be responsible to make any adjustments required under the provisions of Section 4 hereof or responsible for the manner, method, or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any shares of Common Stock to be issued pursuant to this Agreement or any Warrant or as to whether any shares of Common Stock shall, when issued, be valid and fully paid and nonassessable.

7.5 Acceptance of Agency. The Warrant Agent hereby accepts the agency established by this Agreement and agrees to perform the same upon the terms and conditions herein set forth and among other things, shall account promptly to the Company with respect to Warrants exercised and concurrently account for, and pay to the Company, all monies received by the Warrant Agent for the purchase of Common Stock through the exercise of the Warrants.

8. Miscellaneous Provisions.

8.1 Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Warrant Agent shall bind and inure to the benefit of their respective successors and assigns.

8.2 Notices. Any notice, statement or demand authorized by this Agreement to be given or made by the Warrant Agent or by the holder of any Warrant to or on the Company shall be sufficiently given (i) when so delivered if by hand or overnight delivery, (ii) when sent, if delivered by facsimile (provided confirmation of transmission is mechanically or electronically generated and kept on file by the sending party) or by electronic mail, or (iii) if sent by certified mail or private courier service within five (5) days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Company with the Warrant Agent), as follows:

Oncobiologics, Inc.
7 Clarke Drive
Cranbury, New Jersey 08512
Attention: Lawrence A. Kenyon

By Telefax (which constitutes notice): (609) 228-4113

By Email (which constitutes notice): lawrencekenyon@oncobiologics.com

with copies to (which shall not constitute notice):

Cooley LLP
1114 Avenue of the Americas
New York, New York 10036
Attention: Yvan-Claude Pierre and Daniel I. Goldberg

Any notice, statement or demand authorized by this Agreement to be given or made by the holder of any Warrant or by the Company to the Warrant Agent shall be sufficiently given (i) upon receipt if by hand or overnight delivery, (ii) when sent, if delivered by facsimile (provided confirmation of transmission is mechanically or electronically generated and kept on file by the sending party) or by electronic mail or (iii) if sent by certified mail or private courier service within five (5) days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Warrant Agent with the Company), as follows:

American Stock Transfer & Trust Company, LLC
6201 15th Avenue, 3rd Floor
Brooklyn, New York 11219
Attention: Corporate Actions

- 8.3 **Additional Rights.** Notwithstanding the foregoing or anything else herein to the contrary, other than as expressly provided in Section 3.3.5 hereof, if the Company is for any reason unable to issue and deliver the number of shares of Common Stock to which the Holder is entitled upon Holder's exercise of a Warrant, as required pursuant to the terms hereof, the Company shall have no obligation to pay to the Holder any cash or other consideration or otherwise net cash settle this Warrant.
- 8.4 **Applicable Law.** The validity, interpretation, and performance of this Agreement and of the Warrants shall be governed in all respects by the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The Company hereby agrees that any action, proceeding or claim against it arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such jurisdiction, which jurisdiction shall be exclusive. The Company hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.
- 8.5 **Persons Having Rights under this Agreement.** Nothing in this Agreement shall be construed to confer upon, or give to, any person or corporation other than the parties hereto and the Registered Holders of the Warrants any right, remedy, or claim under or by reason of this Agreement or of any covenant, condition, stipulation, promise, or agreement hereof. All covenants, conditions, stipulations, promises, and agreements contained in this Agreement shall be for the sole and exclusive benefit of the parties hereto and their successors and assigns and of the Registered Holders of the Warrants.
- 8.6 **Examination of the Agreement.** A copy of this Agreement shall be available at all reasonable times at the office of the Warrant Agent in the Borough of Brooklyn, City of New York and State of New York, for inspection by the Registered Holder of any Warrant. The Warrant Agent may require any such holder to submit his Warrant for inspection by it.
- 8.7 **Counterparts.** This Agreement may be executed in any number of original or facsimile counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.
- 8.8 **Effect of Headings.** The section headings herein are for convenience only and are not part of this Agreement and shall not affect the interpretation thereof.

- 8.9 Amendments. This Agreement may be amended by the parties hereto without the consent of any Registered Holder for the purpose of curing any ambiguity, or curing, correcting or supplementing any defective provision contained herein or adding or changing any other provisions with respect to matters arising under this Agreement as the parties may deem necessary or desirable and that the parties deem shall not adversely affect the interest of the Registered Holders. All other modifications or amendments shall require the written consent of the Company and the Registered Holders holding Warrants to purchase at least a majority of the shares of Common Stock underlying the then outstanding Warrants. No consideration shall be offered by the Company to any Registered Holder in connection with a modification, amendment or waiver of this Agreement or any Warrant without also offering the same consideration to all Registered Holders.
- 8.10 Severability. This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

Warrants

**THIS WARRANT SHALL BE VOID IF NOT EXERCISED PRIOR TO
THE EXPIRATION OF THE EXERCISE PERIOD PROVIDED FOR
IN THE WARRANT AGREEMENT DESCRIBED BELOW**

ONCOBIOLOGICS, INC.

CUSIP 68235M 113

Warrant Certificate

This Warrant Certificate certifies that, or registered assigns, is the registered holder of warrant(s) (the “*Warrants*” and each, a “*Warrant*”) to purchase shares of common stock, \$0.01 par value per share (the “*Common Stock*”), of Oncobiologics, Inc., a Delaware corporation (the “*Company*”). Each Warrant entitles the holder, upon exercise during the period set forth in the Warrant Agreement referred to below, to receive from the Company that number of fully paid and nonassessable shares of Common Stock as set forth below, at the exercise price (the “*Exercise Price*”) as determined pursuant to the Warrant Agreement, payable in lawful money (or through “*cashless exercise*” solely as provided for in the Warrant Agreement) of the United States of America upon surrender of this Warrant Certificate and payment of the Exercise Price at the office or agency of the Warrant Agent referred to below, subject to the conditions set forth herein and in the Warrant Agreement. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement (as defined on the reverse hereof).

Only whole Warrants may be exercised. Each whole Warrant is initially exercisable for one fully paid and non-assessable share of Common Stock. The number of shares of Common Stock issuable upon exercise of the Warrants is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

The initial Exercise Price per share of Common Stock for any Warrant is equal to \$6.60 per share. The Exercise Price is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

Subject to the conditions set forth in the Warrant Agreement, the Warrants may be exercised only during the Exercise Period and to the extent not exercised by the end of such Exercise Period, such Warrants shall become void.

Reference is hereby made to the further provisions of this Warrant Certificate set forth on the reverse hereof and such further provisions shall for all purposes have the same effect as though fully set forth at this place.

This Warrant Certificate shall not be valid unless countersigned by the Warrant Agent, as such term is used in the Warrant Agreement.

This Warrant Certificate shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to conflicts of laws principles thereof.

[Form of Series A Warrant Certificate]

[Reverse]

The Warrants evidenced by this Warrant Certificate are part of a duly authorized issue of Warrants entitling the holder on exercise to receive shares of Common Stock and are issued or to be issued pursuant to a Warrant Agreement, dated as of May 18, 2016 (the "*Warrant Agreement*"), duly executed and delivered by the Company to American Stock Transfer & Trust Company, LLC, as warrant agent (the "*Warrant Agent*"), which Warrant Agreement is hereby incorporated by reference in and made a part of this instrument and is hereby referred to for a description of the rights, limitation of rights, obligations, duties and immunities thereunder of the Warrant Agent, the Company and the holders (the words "*holders*" or "*holder*" meaning the Registered Holders or Registered Holder) of the Warrants. A copy of the Warrant Agreement may be obtained by the holder hereof upon written request to the Company. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement.

Warrants may be exercised at any time during the Exercise Period set forth in Section 3.3.1 of the Warrant Agreement.

Notwithstanding anything else in this Warrant Certificate or the Warrant Agreement, no Warrant may be exercised unless at the time of exercise (i) a registration statement covering offer and sale of the Common Stock to be issued upon exercise is effective under the Securities Act and (ii) a prospectus thereunder relating to the Common Stock is current, except through "*cashless exercise*" as provided for in the Warrant Agreement.

The Warrant Agreement provides that upon the occurrence of certain events the number of shares of Common Stock issuable upon exercise of the Warrants set forth on the face hereof may, subject to certain conditions, be adjusted. If, upon exercise of a whole Warrant, the holder thereof would be entitled to receive a fractional interest in a share of Common Stock, the Company shall, upon exercise, round to the nearest whole share of Common Stock to be issued to the holder of the Warrant.

Warrant Certificates, when surrendered at the principal corporate trust office of the Warrant Agent by the Registered Holder thereof in person or by legal representative or attorney duly authorized in writing, may be exchanged, in the manner and subject to the limitations provided in the Warrant Agreement, but without payment of any service charge, for another Warrant Certificate or Warrant Certificates of like tenor evidencing in the aggregate a like number of Warrants.

Upon due presentation for registration of transfer of this Warrant Certificate at the office of the Warrant Agent a new Warrant Certificate or Warrant Certificates of like tenor and evidencing in the aggregate a like number of Warrants shall be issued to the transferee(s) in exchange for this Warrant Certificate, subject to the limitations provided in the Warrant Agreement, without charge except for any tax or other governmental charge imposed in connection therewith.

The Company and the Warrant Agent may deem and treat the Registered Holder(s) hereof as the absolute owner(s) of this Warrant Certificate (notwithstanding any notation of ownership or other writing hereon made by anyone), for the purpose of any exercise hereof, of any distribution to the holder(s) hereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary. Neither the Warrants nor this Warrant Certificate entitles any holder hereof to any rights of a stockholder of the Company.

Election to Purchase

(To Be Executed Upon Exercise of Warrant)

The undersigned hereby irrevocably elects to exercise the right, represented by this Warrant Certificate, to receive shares of common stock, par value \$0.01 per share (the "**Common Stock**"), of Oncobiologics, Inc., a Delaware corporation (the "**Company**") and herewith tenders payment for such shares to the order of the Company in the amount of \$____ in accordance with the terms hereof. The undersigned requests that a certificate for such shares be registered in the name of _____, whose address is _____ and that such shares be delivered to whose address is _____. If said number of shares is less than all of the shares of Common Stock purchasable hereunder, the undersigned requests that a new Warrant Certificate representing the remaining balance of such shares be registered in the name of _____, whose address is _____, and that such Warrant Certificate be delivered to _____, whose address is _____.

In the event that the Warrant is to be exercised on a "cashless" basis pursuant to Section 3.4.2 of the Warrant Agreement, the number of shares of Common Stock that this Warrant is exercisable for shall be determined in accordance with Section 3.4.2 of the Warrant Agreement.

_____ a "Cash Exercise" with respect to _____ Warrant Shares; and/or

_____ a "Cashless Exercise" with respect to _____ Warrant Shares, resulting in a delivery obligation by the Company to the Holder of Common Stock representing the applicable Net Number, subject to adjustment.

In the event that the Warrant may be exercised, to the extent allowed by the Warrant Agreement, through cashless exercise (i) the number of shares that this Warrant is exercisable for would be determined in accordance with the relevant section of the Warrant Agreement which allows for such cashless exercise and (ii) the holder hereof shall complete the following: The undersigned hereby irrevocably elects to exercise the right, represented by this Warrant Certificate, through the cashless exercise provisions of the Warrant Agreement, to receive Common Stock. If said number of shares is less than all of the shares of Common Stock purchasable hereunder (after giving effect to the cashless exercise), the undersigned requests that a new Warrant Certificate representing the remaining balance of such shares be registered in the name of _____, whose address is _____, and that such Warrant Certificate be delivered to _____, whose address is _____.

[FORM OF SERIES B WARRANT CERTIFICATE]

Number:

Warrants

**THIS WARRANT SHALL BE VOID IF NOT EXERCISED PRIOR TO
THE EXPIRATION OF THE EXERCISE PERIOD PROVIDED FOR
IN THE WARRANT AGREEMENT DESCRIBED BELOW**

ONCOBIOLOGICS, INC.

CUSIP 68235M 121

Warrant Certificate

This Warrant Certificate certifies that, or registered assigns, is the registered holder of warrant(s) (the “*Warrants*” and each, a “*Warrant*”) to purchase shares of common stock, \$0.01 par value per share (the “*Common Stock*”), of Oncobiologics, Inc., a Delaware corporation (the “*Company*”). Each Warrant entitles the holder, upon exercise during the period set forth in the Warrant Agreement referred to below, to receive from the Company that number of fully paid and nonassessable shares of Common Stock as set forth below, at the exercise price (the “*Exercise Price*”) as determined pursuant to the Warrant Agreement, payable in lawful money (or through “*cashless exercise*” solely as provided for in the Warrant Agreement) of the United States of America upon surrender of this Warrant Certificate and payment of the Exercise Price at the office or agency of the Warrant Agent referred to below, subject to the conditions set forth herein and in the Warrant Agreement. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement (as defined on the reverse hereof).

Only whole Warrants may be exercised. Each whole Warrant is initially exercisable for one fully paid and non-assessable share of Common Stock. The number of shares of Common Stock issuable upon exercise of the Warrants is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

The initial Exercise Price per share of Common Stock for any Warrant is equal to \$8.50 per share. The Exercise Price is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

Subject to the conditions set forth in the Warrant Agreement, the Warrants may be exercised only during the Exercise Period and to the extent not exercised by the end of such Exercise Period, such Warrants shall become void.

Reference is hereby made to the further provisions of this Warrant Certificate set forth on the reverse hereof and such further provisions shall for all purposes have the same effect as though fully set forth at this place.

This Warrant Certificate shall not be valid unless countersigned by the Warrant Agent, as such term is used in the Warrant Agreement.

This Warrant Certificate shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to conflicts of laws principles thereof.

CERTIFICATIONS

I, Pankaj Mohan, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Oncobiologics, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(c) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
